## NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) — (Continued)

#### 1. BASIS OF PRESENTATION

The unaudited condensed consolidated financial statements of Community Health Systems, Inc. and its subsidiaries (the "Company") as of March 31, 2011 and December 31, 2010 and for the three-month periods ended March 31, 2011 and March 31, 2010, have been prepared in accordance with accounting principles generally accepted in the United States of America ("U.S. GAAP"). In the opinion of management, such information contains all adjustments, consisting only of normal recurring adjustments, necessary for a fair presentation of the results for such periods. All intercompany transactions and balances have been eliminated. The results of operations for the three months ended March 31, 2011, are not necessarily indicative of the results to be expected for the full fiscal year ending December 31, 2011. Certain information and disclosures normally included in the notes to consolidated financial statements have been condensed or omitted as permitted by the rules and regulations of the Securities and Exchange Commission (the "SEC"). The Company believes the disclosures are adequate to make the information presented not misleading. The accompanying unaudited condensed consolidated financial statements should be read in conjunction with the consolidated financial statements and notes thereto for the year ended December 31, 2010, contained in the Company's Annual Report on Form 10-K.

Noncontrolling interests in less-than-wholly-owned consolidated subsidiaries of the parent are presented as a component of total equity on the condensed consolidated balance sheets to distinguish between the interests of the parent company and the interests of the noncontrolling owners. Noncontrolling interests that are redeemable or may become redeemable at a fixed or determinable price at the option of the holder or upon the occurrence of an event outside of the control of the Company are presented in mezzanine equity on the condensed consolidated balance sheets.

During the three months ended March 31, 2011, the Company sold a multi-specialty physician clinic and made the decision to sell a hospital. Accordingly, as of March 31, 2011, this hospital has been classified as held for sale. The condensed consolidated statement of income for the three months ended March 31, 2010 has been restated to reclassify the results of operations for these entities to discontinued operations. The condensed consolidated balance sheet as of December 31, 2010 has been restated to present the long-lived assets of the disposal group as held for sale for comparative purposes with the March 31, 2011 presentation.

Throughout these notes to the condensed consolidated financial statements, Community Health Systems, Inc. (the "Parent"), and its consolidated subsidiaries are referred to on a collective basis as the "Company." This drafting style is not meant to indicate that the publicly-traded Parent or any subsidiary of the Parent owns or operates any asset, business, or property. The hospitals, operations and businesses described in this filing are owned and operated, and management services provided, by distinct and indirect subsidiaries of Community Health Systems, Inc.

#### 2. ACCOUNTING FOR STOCK-BASED COMPENSATION

Stock-based compensation awards are granted under the Community Health Systems, Inc. 2000 Stock Option and Award Plan amended and restated as of March 24, 2009 (the "2000 Plan") and the Community Health Systems, Inc. 2009 Stock Option and Award Plan amended and restated as of March 18, 2011 (the "2009 Plan").

The 2000 Plan allows for the grant of incentive stock options intended to qualify under Section 422 of the Internal Revenue Code ("IRC"), as well as stock options which do not so qualify, stock appreciation rights, restricted stock, restricted stock units, performance-based shares or units and other share awards. Prior to being amended in 2009, the 2000 Plan also allowed for the grant of phantom stock. Persons eligible to receive grants under the 2000 Plan include the Company's directors, officers, employees and consultants. To date, all options granted under the 2000 Plan have been "nonqualified" stock options for tax purposes. Generally, vesting of these granted options occurs in one-third increments on each of the first three anniversaries of the award date. Options granted prior to 2005 have a 10-year contractual term, options granted in 2005 through 2007 have an eight-year contractual term and options granted in 2008 through February 2011 have a 10-year contractual term. As of March 31, 2011, 64,508 shares of unissued common stock were reserved for future grants under the 2000 Plan.

## NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) — (Continued)

The 2009 Plan, which was adopted by the Board of Directors of the Parent as of March 24, 2009 and approved by stockholders on May 19, 2009, provides for the grant of incentive stock options intended to qualify under Section 422 of the IRC and for the grant of stock options which do not so qualify, stock appreciation rights, restricted stock, restricted stock units, performance-based shares or units and other share awards. Persons eligible to receive grants under the 2009 Plan include the Company's directors, officers, employees and consultants. Options granted in 2011 have a 10-year contractual term. As of March 31, 2011, 2,954,289 shares of unissued common stock were reserved for future grants under the 2009 Plan.

The exercise price of all options granted is equal to the fair value of the Company's common stock on the option grant date.

The following table reflects the impact of total compensation expense related to stock-based equity plans on the reported operating results for the respective periods (in thousands):

	Three Mone	tiis Enucu
	March	h 31,
	2011	2010
Effect on income from continuing operations before income taxes	\$ (9,918)	\$ (9,763)
Effect on net income	\$ (6,298)	\$ (5,931)

Three Months Ended

At March 31, 2011, \$89.7 million of unrecognized stock-based compensation expense was expected to be recognized over a weighted-average period of 29 months. Of that amount, \$19.2 million related to outstanding unvested stock options was expected to be recognized over a weighted-average period of 28 months and \$70.5 million related to outstanding unvested restricted stock, restricted stock units and phantom shares was expected to be recognized over a weighted-average period of 29 months. There were no modifications to awards during the three months ended March 31, 2011.

The fair value of stock options was estimated using the Black Scholes option pricing model with the following assumptions and weighted-average fair values during the three months ended March 31, 2011 and 2010:

		Three Months Ended March 31,	
	2011	2010	
Expected volatility	31.2%	33.5%	
Expected dividends		_	
Expected term	4.0 years	3.1 years	
Risk-free interest rate	1.74%	1.48%	

In determining expected term, the Company examined concentrations of option holdings and historical patterns of option exercises and forfeitures, as well as forward-looking factors, in an effort to determine if there were any discernable employee populations. From this analysis, the Company identified two primary employee populations, one consisting of certain senior executives and the other consisting of substantially all other recipients.

The expected volatility rate was estimated based on historical volatility. In determining expected volatility, the Company also reviewed the market-based implied volatility of actively traded options of its common stock and determined that historical volatility utilized to estimate the expected volatility did not differ significantly from the implied volatility.

The expected term computation is based on historical exercise and cancellation patterns and forward-looking factors, where present, for each population identified. The risk-free interest rate is based on the U.S. Treasury yield curve in effect at the time of the grant. The pre-vesting forfeiture rate is based on historical rates and forward-looking factors for each population identified. The Company adjusts the estimated forfeiture rate to its actual experience.

## NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) — (Continued)

Options outstanding and exercisable under the 2000 Plan and the 2009 Plan as of March 31, 2011, and changes during the three months then ended, were as follows (in thousands, except share and per share data):

	Shares	Weighted - Average Exercise Price	Weighted - Average Remaining Contractual Term	Aggregate Intrinsic Value as of March 31, 2011
Outstanding at December 31, 2010	7,834,332	\$ 32.08		
Granted	1,329,000	37.96		
Exercised	(595,431)	30.44		
Forfeited and cancelled	(64,508)	34.84		
Outstanding at March 31, 2011	8,503,393	\$ 33.10	6.1 years	\$ 59,253
Exercisable at March 31, 2011	5,794,134	\$ 32.74	4.6 years	\$ 42,636

The weighted-average grant date fair value of stock options granted during the three months ended March 31, 2011 and 2010 was \$10.34 and \$8.47, respectively. The aggregate intrinsic value (the number of in-the-money stock options multiplied by the difference between the Company's closing stock price on the last trading day of the reporting period (\$39.99) and the exercise price of the respective stock options) in the table above represents the amount that would have been received by the option holders had all option holders exercised their options on March 31, 2011. This amount changes based on the market value of the Company's common stock. The aggregate intrinsic value of options exercised during the three months ended March 31, 2011 and 2010 was \$5.9 million and \$9.7 million, respectively. The aggregate intrinsic value of options vested and expected to vest approximates that of the outstanding options.

The Company has also awarded restricted stock under the 2000 Plan and the 2009 Plan to its directors and employees of certain subsidiaries. The restrictions on these shares generally lapse in one-third increments on each of the first three anniversaries of the award date. Certain of the restricted stock awards granted to the Company's senior executives contain a performance objective that must be met in addition to any vesting requirements. If the performance objective is not attained, the awards will be forfeited in their entirety. Once the performance objective has been attained, restrictions will lapse in one-third increments on each of the first three anniversaries of the award date. Notwithstanding the above-mentioned performance objectives and vesting requirements, the restrictions will lapse earlier in the event of death, disability or termination of employment by the Company for any reason other than for cause of the holder of the restricted stock, or change in control of the Company. Restricted stock awards subject to performance standards are not considered outstanding for purposes of determining earnings per share until the performance objectives have been satisfied.

## NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) — (Continued)

Restricted stock outstanding under the 2000 Plan and the 2009 Plan as of March 31, 2011, and changes during the three months then ended, were as follows:

		Weighted -
		Average
		<b>Grant Date</b>
	Shares	Fair Value
Unvested at December 31, 2010	2,125,291	\$ 27.92
Granted	1,084,949	37.96
Vested	(962,662)	27.27
Forfeited	<u> </u>	_
Unvested at March 31, 2011	2,247,578	33.04

On February 25, 2009, under the 2000 Plan, each of the Company's outside directors received a grant of shares of phantom stock equal in value to approximately \$130,000 divided by the closing price of the Company's common stock on that date (\$18.18), or 7,151 shares per director (a total of 42,906 shares of phantom stock). Pursuant to a March 24, 2009 amendment to the 2000 Plan, future grants of this type will be denominated as "restricted stock unit" awards. On May 19, 2009, the newly elected outside director received a grant of 7,151 restricted stock units under the 2000 Plan, having a value at the time of \$180,706 based upon the closing price of the Company's common stock on that date of \$25.27. On February 24, 2010, six of the Company's seven outside directors each received a grant of 4,130 restricted stock units under the 2000 Plan, having a value at the time of approximately \$140,000 based upon the closing price of the Company's common stock on that date of \$33.90. One outside director, who did not stand for reelection in 2010, did not receive a grant on February 24, 2010. On February 23, 2011, each of the Company's six outside directors received a grant of 3,688 restricted stock units under the 2009 Plan, having a value at the time of approximately \$140,000 based upon the closing price of the Company's common stock on that date of \$37.96. Vesting of these shares of phantom stock and restricted stock units occurs in one-third increments on each of the first three anniversaries of the award date. During the three months ended March 31, 2011, 20,176 shares vested at a weighted-average grant date fair value of \$24.61. None of these grants were canceled during the three months ended March 31, 2011. As of March 31, 2011, there were 55,340 shares of phantom stock and restricted stock units unvested at a weighted-average grant date fair value of \$31.39.

Under the Directors' Fees Deferral Plan, the Company's outside directors may elect to receive share equivalent units in lieu of cash for their directors' fees. These share equivalent units are held in the plan until the director electing to receive the share equivalent units retires or otherwise terminates his/her directorship with the Company. Share equivalent units are converted to shares of common stock of the Company at the time of distribution based on the closing market price of the Company's common stock on that date. The following table represents the amount of directors' fees which were deferred during each of the respective periods, and the number of share equivalent units into which such directors' fees would have converted had each of the directors who had deferred such fees retired or terminated his/her directorship with the Company as of the end of the respective periods (in thousands, except share equivalent units):

	Three Months Ended March 31,	
Directors' fees earned and deferred into plan	<b>2011</b> \$ 55	\$ 45
Share equivalent units	1,375	1,219

At March 31, 2011, a total of 20,176 share equivalent units were deferred in the plan with an aggregate fair value of \$0.8 million, based on the closing market price of the Company's common stock at March 31, 2011 of \$39.99.

# COMMUNITY HEALTH SYSTEMS, INC. AND SUBSIDIARIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) — (Continued)

#### 3. COST OF REVENUE

Substantially all of the Company's operating costs and expenses are "cost of revenue" items. Operating costs that could be classified as general and administrative by the Company would include the Company's corporate office costs at its Franklin, Tennessee office, which were \$41.7 million and \$37.8 million for the three months ended March 31, 2011 and 2010, respectively. Included in these amounts is stock-based compensation expense of \$9.9 million for the three months ended March 31, 2011 and 2010, respectively.

## 4. USE OF ESTIMATES

The preparation of financial statements in conformity with U.S. GAAP requires management to make estimates and assumptions that affect the amounts reported in the condensed consolidated financial statements. Actual results could differ from these estimates under different assumptions or conditions.

## 5. ACQUISITIONS AND DIVESTITURES

## Acquisitions

Effective October 1, 2010, one or more subsidiaries of the Company completed the acquisition of Forum Health based in Youngstown, Ohio, a healthcare system of two acute care hospitals, a rehabilitation hospital and other healthcare providers. This healthcare system includes Northside Medical Center (355 licensed beds) located in Youngstown, Ohio, and Trumbull Memorial Hospital (311 licensed beds) located in Warren, Ohio. This healthcare system also includes Hillside Rehabilitation Hospital (69 licensed beds) located in Warren, Ohio, as well as several outpatient clinics and other ancillary facilities. The total cash consideration paid for fixed assets and working capital was approximately \$93.4 million and \$27.8 million, respectively, with additional consideration of \$40.3 million assumed in liabilities, for a total consideration of \$161.5 million. This acquisition transaction was accounted for as a purchase business combination. Based upon the Company's final purchase price allocation relating to this acquisition as of March 31, 2011, approximately \$8.1 million of goodwill has been recorded.

Effective October 1, 2010, one or more subsidiaries of the Company completed the acquisition of Bluefield Regional Medical Center (240 licensed beds) located in Bluefield, West Virginia. The total cash consideration paid for fixed assets was approximately \$35.4 million, with additional consideration of \$8.9 million assumed in liabilities as well as a credit applied at closing of \$1.8 million for negative acquired working capital, for a total consideration of \$42.5 million. This acquisition transaction was accounted for as a purchase business combination. Based upon the Company's final purchase price allocation relating to this acquisition as of March 31, 2011, approximately \$2.4 million of goodwill has been recorded.

Effective July 7, 2010, one or more subsidiaries of the Company completed the acquisition of Marion Regional Healthcare System located in Marion, South Carolina. This healthcare system includes Marion Regional Hospital (124 licensed beds), an acute care hospital, along with a related skilled nursing facility and other ancillary services. The total cash consideration paid for fixed assets and working capital was approximately \$18.6 million and \$5.8 million, respectively, with additional consideration of \$3.9 million assumed in liabilities, for a total consideration of \$28.3 million. This acquisition transaction was accounted for as a purchase business combination. Based upon the Company's final purchase price allocation relating to this acquisition as of March 31, 2011, no goodwill has been recorded.

Additionally, during the three months ended March 31, 2011, the Company paid approximately \$44.7 million to acquire the operating assets and related businesses of certain physician practices, clinics and other ancillary businesses that operate within the communities served by its hospitals. In connection with these acquisitions, the Company allocated approximately \$9.9 million of the consideration paid to property and equipment, \$3.0 million to net working capital, \$1.5 million to other intangible assets, and the remainder, approximately \$30.3 million consisting of intangible assets that do not qualify for separate recognition, was allocated to goodwill. These acquisition transactions were accounted for as purchase business combinations.

Approximately \$3.3 million and \$0.6 million of acquisition costs related to prospective and closed acquisitions were expensed during the three months ended March 31, 2011 and 2010, respectively.

## NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) — (Continued)

#### Discontinued Operations

Effective February 1, 2011, the Company sold Willamette Community Medical Group, which is a physician clinic operating as Oregon Medical Group ("OMG"), located in Springfield, Oregon, with a carrying amount of net assets, including an allocation of reporting unit goodwill, of \$19.7 million to Oregon Healthcare Resources, LLC, for \$14.6 million in cash.

In March 2011, the Company made the decision to sell one of its hospitals. Accordingly, this hospital has been classified as held for sale as of March 31, 2011.

The Company has classified the results of operations for OMG and one hospital held for sale as discontinued operations in the accompanying condensed consolidated statements of income for the three months ended March 31, 2011 and 2010.

Net operating revenues and loss from discontinued operations for the respective periods are as follows (in thousands):

Three Months Ended March 31,	
2011	2010
\$ 20,794	\$35,215
<u> </u>	
(1,900)	(2,330)
(13,095)	_
(5,061)	
(20,056)	(2,330)
7,240	841
\$(12,816)	\$ (1,489)
	Marc 2011 \$ 20,794  (1,900) (13,095) (5,061) (20,056) 7,240

Interest expense was allocated to discontinued operations based on sale proceeds available for debt repayment.

The long-lived assets as of December 31, 2010 of the physician clinic and hospital classified as held for sale during the three months ended March 31, 2011 totaled approximately \$23.5 million, and are included in the accompanying condensed consolidated balance sheet in other assets, net.

The long-lived assets of the hospital held for sale, net of impairment as of March 31, 2011 are included in the accompanying condensed consolidated balance sheet in other assets, net.

## 6. INCOME TAXES

The total amount of unrecognized benefit that would affect the effective tax rate, if recognized, was approximately \$7.2 million as of March 31, 2011. It is the Company's policy to recognize interest and penalties related to unrecognized benefits in its condensed consolidated statements of income as income tax expense. During the three months ended March 31, 2011, the Company decreased liabilities by \$0.2 million and increased interest and penalties by approximately \$0.1 million. A total of approximately \$1.4 million of interest and penalties is included in the amount of the liability for uncertain tax positions at March 31, 2011.

The Company believes that it is reasonably possible that approximately \$2.3 million of its current unrecognized tax benefit may be recognized within the next 12 months as a result of a lapse of the statute of limitations and settlements with taxing authorities.

The Company, or one of its subsidiaries, files income tax returns in the U.S. federal jurisdiction and various state jurisdictions. The Company has extended the federal statute of limitations for Triad Hospitals, Inc. ("Triad") for the tax periods ended December 31, 1999, December 31, 2000, April 30, 2001, June 30, 2001, December 31, 2001, December 31, 2002 and December 31, 2003. The Company is currently under examination by the Internal Revenue Service ("IRS") regarding the federal tax return of Triad for the tax periods ended December 31, 2004, December 31, 2005, December 31, 2006 and July 25, 2007. The Company believes the results of this examination will not be material to its consolidated results of operations or consolidated financial position. With few exceptions,

## NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) — (Continued)

the Company is no longer subject to state income tax examinations for years prior to 2007 and federal income tax examinations with respect to Community Health Systems, Inc. federal returns for years prior to 2007. The Company's federal income tax returns for the 2007 and 2008 tax years are currently under examination by the IRS. The Company believes the results of this examination will not be material to its consolidated results of operations or consolidated financial position.

Cash paid for income taxes, net of refunds received, resulted in a net cash refund of \$0.7 million for the three months ended March 31, 2011 and net cash paid of \$0.9 million for the three months ended March 31, 2010.

## 7. GOODWILL AND OTHER INTANGIBLE ASSETS

The changes in the carrying amount of goodwill for the three months ended March 31, 2011, are as follows (in thousands):

Balance as of December 31, 2010 (as previously reported)	\$4,199,905
Goodwill allocated to disposal and hospital held for sale	(4,616)
Balance as of December 31, 2010 (as adjusted)	4,195,289
Goodwill acquired as part of acquisitions during 2011	30,532
Consideration adjustments and purchase price allocation adjustments for prior year's acquisitions	(53)
Balance as of March 31, 2011	\$4,225,768

Goodwill is allocated to each identified reporting unit, which is defined as an operating segment or one level below the operating segment (referred to as a component of the entity). Management has determined that the Company's operating segments meet the criteria to be classified as reporting units. At March 31, 2011, the hospital operations reporting unit, the home care agency operations reporting unit, and the hospital management services reporting unit had approximately \$4.2 billion, \$35.9 million and \$33.3 million, respectively, of goodwill.

Goodwill is evaluated for impairment at the same time every year and when an event occurs or circumstances change that, more likely than not, reduce the fair value of the reporting unit below its carrying value. There is a two-step method for determining goodwill impairment. Step one is to compare the fair value of the reporting unit with the unit's carrying amount, including goodwill. If this test indicates the fair value is less than the carrying value, then step two is required to compare the implied fair value of the reporting unit's goodwill with the carrying value of the reporting unit's goodwill. The Company has selected September 30 as its annual testing date. The Company performed its last annual goodwill evaluation as of September 30, 2010, which evaluation took place during the fourth quarter of 2010. No impairment was indicated by this evaluation.

The Company estimates the fair value of the related reporting units using both a discounted cash flow model as well as an EBITDA multiple model. The cash flow forecasts are adjusted by an appropriate discount rate based on the Company's estimate of a market participant's weighted-average cost of capital. These models are both based on the Company's best estimate of future revenues and operating costs and are reconciled to the Company's consolidated market capitalization, with consideration of the amount a potential acquirer would be required to pay, in the form of a control premium, in order to gain sufficient ownership to set policies, direct operations and control management decisions.

The gross carrying amount of the Company's other intangible assets subject to amortization was \$62.3 million at March 31, 2011 and \$60.5 million at December 31, 2010, and the net carrying amount was \$36.1 million at both March 31, 2011 and December 31, 2010. The carrying amount of the Company's other intangible assets not subject to amortization was \$44.8 million and \$44.4 million at March 31, 2011 and December 31, 2010, respectively. Other intangible assets are included in other assets, net on the Company's condensed consolidated balance sheets. Substantially all of the Company's intangible assets are contract-based intangible assets related to operating licenses, management contracts, or non-compete agreements entered into in connection with prior acquisitions.

The weighted-average amortization period for the intangible assets subject to amortization is approximately nine years. There are no expected residual values related to these intangible assets. Amortization expense on these intangible assets was \$1.9 million and \$3.3 million during the three months ended March 31, 2011 and 2010, respectively. Amortization expense on intangible assets is estimated to be \$6.1 million for the remainder of 2011, \$6.8 million in 2012, \$4.7 million in 2013, \$2.9 million in 2014, \$2.5 million in 2015 and \$13.1 million in 2016 and thereafter.

## NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) — (Continued)

The gross carrying amount of capitalized software for internal use was approximately \$383.4 million and \$356.5 million at March 31, 2011 and December 31, 2010, respectively, and the net carrying amount considering accumulated amortization was approximately \$217.9 million and \$209.4 million at March 31, 2011 and December 31, 2010, respectively. The estimated amortization period for capitalized internal-use software is generally three years, except for capitalized costs related to significant system conversions, which is generally eight years. There is no expected residual value for capitalized internal-use software. At March 31, 2011, there was approximately \$64.3 million of capitalized costs for internal-use software that is currently in the development stage and will begin amortization once the software project is complete and ready for its intended use. Amortization expense on capitalized internal-use software was \$17.9 million and \$9.1 million during the three months ended March 31, 2011 and 2010, respectively. Amortization expense on capitalized internal-use software is estimated to be \$60.1 million for the remainder of 2011, \$69.0 million in 2012, \$33.4 million in 2013, \$15.0 million in 2014, \$14.6 million in 2015 and \$25.8 million in 2016 and thereafter.

## 8. EARNINGS PER SHARE

The following table sets forth the components of the numerator and denominator for the computation of basic and diluted earnings per share for income from continuing operations, discontinued operations and net income attributable to Community Health Systems, Inc. common stockholders (in thousands, except share data):

	Three Months Ended March 31,			i

# COMMUNITY HEALTH SYSTEMS, INC. AND SUBSIDIARIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) — (Continued)

#### 9. STOCKHOLDERS' EQUITY

Authorized capital shares of the Company include 400,000,000 shares of capital stock consisting of 300,000,000 shares of common stock and 100,000,000 shares of preferred stock. Each of the aforementioned classes of capital stock has a par value of \$0.01 per share. Shares of preferred stock, none of which were outstanding as of March 31, 2011, may be issued in one or more series having such rights, preferences and other provisions as determined by the Board of Directors without approval by the holders of common stock.

On September 15, 2010, the Company commenced a new open market repurchase program for up to 4,000,000 shares of the Company's common stock, not to exceed \$100 million in repurchases. This program will conclude at the earliest of three years from the commencement date, when the maximum number of shares has been repurchased or when the maximum dollar amount has been expended. During the three months ended March 31, 2011, the Company did not repurchase any shares under this program. The cumulative number of shares that have been repurchased and retired under this program through March 31, 2011 is 451,272 shares at a weighted-average price of \$30.81 per share.

On December 9, 2009, the Company commenced the predecessor open market repurchase program for up to 3,000,000 shares of the Company's common stock, not to exceed \$100 million in repurchases. This program concluded in September 2010 when purchases approximately totaled the permitted maximum dollar amount. During the three months ended March 31, 2010, the Company did not repurchase any shares under this program. During the year ended December 31, 2010, the Company repurchased and retired 2,964,528 shares, which is the cumulative number of shares that were repurchased under this program, at a weighted-average price of \$33.69 per share.

Comprehensive income	116,612	78,269
Less: Comprehensive income attributable to noncontrolling interests	17,001	14,989
Comprehensive income attributable to Community Health Systems, Inc.	\$ 99,611	\$ 63,280

The net change in fair value of the interest rate swaps, the net change in fair value of available-for-sale securities and the amortization and recognition of unrecognized pension cost components are included in accumulated other comprehensive loss on the accompanying condensed consolidated balance sheets.

## 11. EQUITY INVESTMENTS

As of March 31, 2011, the Company owned equity interests of 27.5% in four hospitals in Las Vegas, Nevada, and 26.1% in one hospital in Las Vegas, Nevada, in which Universal Health Systems, Inc. owns the majority interest, and an equity interest of 38.0% in three hospitals in Macon, Georgia, in which HCA Inc. owns the majority interest.

Summarized combined financial information for the three months ended March 31, 2011 and 2010, for these unconsolidated entities in which the Company owns an equity interest is as follows (in thousands):

	Three Mon Marc	
	2011	2010
Revenues	\$372,591	\$357,478
Operating costs and expenses	317,987	324,520
Income from continuing operations before taxes	54,584	32,932

The summarized financial information for the three months ended March 31, 2011 and 2010 was derived from the unaudited financial information provided to the Company by those unconsolidated entities.

The Company's investment in all of its unconsolidated affiliates was \$425.8 million and \$409.5 million at March 31, 2011 and December 31, 2010, respectively, and is included in other assets, net in the accompanying condensed consolidated balance sheets. Included in the Company's results of operations is the Company's equity in pre-tax earnings from all of its investments in unconsolidated affiliates, which was \$18.1 million and \$12.6 million for the three months ended March 31, 2011 and 2010, respectively.

# COMMUNITY HEALTH SYSTEMS, INC. AND SUBSIDIARIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) — (Continued)

#### 12. LONG-TERM DEBT

#### Credit Facility and Notes

In connection with the consummation of the acquisition of Triad in July 2007, the Company's wholly-owned subsidiary CHS/Community Health Systems, Inc. ("CHS") obtained approximately \$7.2 billion of senior secured financing under a new credit facility (the "Credit Facility") with a syndicate of financial institutions led by Credit Suisse, as administrative agent and collateral agent, and issued approximately \$3.0 billion aggregate principal amount of 8.875% senior notes due 2015 (the "Notes"). The Company used the net proceeds of \$3.0 billion from the Notes offering and the net proceeds of approximately \$6.1 billion of term loans under the Credit Facility to acquire the outstanding shares of Triad, to refinance certain of Triad's indebtedness and the Company's indebtedness, to complete certain related transactions, to pay certain costs and expenses of the transactions and for general corporate uses. Specifically, the Company repaid its outstanding debt under the previously outstanding credit facility, the 6.50% senior subordinated notes due 2012 and certain of Triad's existing indebtedness.

The Credit Facility consisted of an approximately \$6.1 billion funded term loan facility with a maturity of seven years, a \$400 million delayed draw term loan facility with a maturity of seven years and a \$750 million revolving credit facility with a maturity of six years. As of December 31, 2007, the \$400 million delayed draw term loan facility had been reduced to \$300 million at the request of CHS. During the fourth quarter of 2008, \$100 million of the delayed draw term loan availability to \$200 million at December 31, 2008. In January 2009, CHS drew down the remaining \$200 million of the delayed draw term loan. The revolving credit facility also includes a subfacility for letters of credit and a swingline subfacility. The Credit Facility requires quarterly amortization payments of each term loan facility equal to 0.25% of the outstanding amount of the term loans. On November 5, 2010, CHS entered into an amendment and restatement of its existing Credit Facility. The amendment extends by two and a half years, until January 25, 2017, the maturity date of \$1.5 billion of the existing term loans under the Credit Facility and increases the pricing on these term loans to LIBOR plus 350 basis points. If more than \$50 million of the Notes remain outstanding on April 15, 2015, without having been refinanced, then the maturity date for the extended term loans will be accelerated to April 15, 2015. The maturity date of the balance of the term loans of approximately \$4.5 billion remains unchanged at July 25, 2014. The amendment also increases CHS's ability to issue additional indebtedness under the uncommitted incremental facility to \$1.0 billion from \$600 million, permits CHS to issue Term A term loans under the incremental facility, and provides up to \$2.0 billion of borrowing capacity from receivable transactions, an increase of \$0.5 billion, of which \$1.7 billion would be required to be used for repayment of existing term loans.

The term loan facility must be prepaid in an amount equal to (1) 100% of the net cash proceeds of certain asset sales and dispositions by the Company and its subsidiaries, subject to certain exceptions and reinvestment rights, (2) 100% of the net cash proceeds of issuances of certain debt obligations or receivables based financing by the Company and its subsidiaries, subject to certain exceptions, and (3) 50%, subject to reduction to a lower percentage based on the Company's leverage ratio (as defined in the Credit Facility generally as the ratio of total debt on the date of determination to the Company's EBITDA, as defined, for the four quarters most recently ended prior to such date), of excess cash flow (as defined) for any year, commencing in 2008, subject to certain exceptions. Voluntary prepayments and commitment reductions are permitted in whole or in part, without any premium or penalty, subject to minimum prepayment or reduction requirements.

The obligor under the Credit Facility is CHS. All of the obligations under the Credit Facility are unconditionally guaranteed by the Company and certain existing and subsequently acquired or organized domestic subsidiaries. All obligations under the Credit Facility and the related guarantees are secured by a perfected first priority lien or security interest in substantially all of the assets of the Company, CHS and each subsidiary guarantor, including equity interests held by the Company, CHS or any subsidiary guarantor, but excluding, among others, the equity interests of non-significant subsidiaries, syndication subsidiaries, securitization subsidiaries and joint venture subsidiaries.

## NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) — (Continued)

The loans under the Credit Facility bear interest on the outstanding unpaid principal amount at a rate equal to an applicable percentage plus, at CHS's option, either (a) an Alternate Base Rate (as defined) determined by reference to the greater of (1) the Prime Rate (as defined) announced by Credit Suisse or (2) the Federal Funds Effective Rate (as defined) plus one-half of 1.0% or (3) the adjusted London Interbank Offered Rate ("LIBOR") on such day for a three-month interest period commencing on the second business day after such day plus 1%, or (b) a reserve adjusted LIBOR for dollars (Eurodollar rate) (as defined). The applicable percentage for Alternate Base Rate loans is 1.25% for term loans due 2014 and is 2.25% for term loans due 2017. The applicable percentage for Eurodollar rate loans is 2.25% for Eurodollar revolving loans, in each case subject to reduction based on the Company's leverage ratio. Loans under the swingline subfacility bear interest at the rate applicable to Alternate Base Rate loans under the revolving credit facility.

CHS has agreed to pay letter of credit fees equal to the applicable percentage then in effect with respect to Eurodollar rate loans under the revolving credit facility times the maximum aggregate amount available to be drawn under all letters of credit outstanding under the subfacility for letters of credit. The issuer of any letter of credit issued under the subfacility for letters of credit will also receive a customary fronting fee and other customary processing charges. CHS was initially obligated to pay commitment fees of 0.50% per annum (subject to reduction based upon the Company's leverage ratio) on the unused portion of the revolving credit facility. For purposes of this calculation, swingline loans are not treated as usage of the revolving credit facility. With respect to the delayed draw term loan facility, CHS was also obligated to pay commitment fees of 0.50% per annum for the first nine months after the closing of the Credit Facility, 0.75% per annum for the next three months after such nine-month period and thereafter, 1.0% per annum. In each case, the commitment fee was paid on the unused amount of the delayed draw term loan facility. After the draw down of the remaining \$200 million of the delayed draw term loan in January 2009, CHS no longer pays any commitment fees for the delayed draw term loan facility. CHS paid arrangement fees on the closing of the Credit Facility and pays an annual administrative agent fee.

The Credit Facility contains customary representations and warranties, subject to limitations and exceptions, and customary covenants restricting the Company's and its subsidiaries' ability, subject to certain exceptions, to, among other things (1) declare dividends, make distributions or redeem or repurchase capital stock, (2) prepay, redeem or repurchase other debt, (3) incur liens or grant negative pledges, (4) make loans and investments and enter into acquisitions and joint ventures, (5) incur additional indebtedness or provide certain guarantees, (6) make capital expenditures, (7) engage in mergers, acquisitions and asset sales, (8) conduct transactions with affiliates, (9) alter the nature of the Company's businesses, (10) grant certain guarantees with respect to physician practices, (11) engage in sale and leaseback transactions or (12) change the Company's fiscal year. The Company is also required to comply with specified financial covenants (consisting of a leverage ratio and an interest coverage ratio) and various affirmative covenants.

Events of default under the Credit Facility include, but are not limited to, (1) CHS's failure to pay principal, interest, fees or other amounts under the credit agreement when due (taking into account any applicable grace period), (2) any representation or warranty proving to have been materially incorrect when made, (3) covenant defaults subject, with respect to certain covenants, to a grace period, (4) bankruptcy events, (5) a cross default to certain other debt, (6) certain undischarged judgments (not paid within an applicable grace period), (7) a change of control, (8) certain ERISA-related defaults and (9) the invalidity or impairment of specified security interests, guarantees or subordination provisions in favor of the administrative agent or lenders under the Credit Facility.

The Notes were issued by CHS in connection with the Triad acquisition in the principal amount of approximately \$3.0 billion. The Notes will mature on July 15, 2015. The Notes bear interest at the rate of 8.875% per annum, payable semiannually in arrears on January 15 and July 15, commencing January 15, 2008. Interest on the Notes accrues from the date of original issuance. Interest is calculated on the basis of a 360-day year comprised of twelve 30-day months.

Except as set forth below, CHS is not entitled to redeem the Notes prior to July 15, 2011.

## NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) — (Continued)

On and after July 15, 2011, CHS is entitled, at its option, to redeem all or a portion of the Notes upon not less than 30 nor more than 60 days notice, at the redemption prices (expressed as a percentage of principal amount on the redemption date), plus accrued and unpaid interest, if any, to the redemption date (subject to the right of holders of record on the relevant record date to receive interest due on the relevant interest payment date), if redeemed during the 12-month period commencing on July 15 of the years set forth below:

Period	Redemption Price
2011	104.438%
2012	102.219%
2013 and thereafter	100.000%

CHS is entitled, at its option, to redeem the Notes, in whole or in part, at any time prior to July 15, 2011, upon not less than 30 or more than 60 days notice, at a redemption price equal to 100% of the principal amount of Notes redeemed plus the Applicable Premium (as defined), and accrued and unpaid interest, if any, as of the applicable redemption date.

Pursuant to a registration rights agreement entered into at the time of the issuance of the Notes, as a result of an exchange offer made by CHS, substantially all of the Notes issued in July 2007 were exchanged in November 2007 for new notes (the "Exchange Notes") having terms substantially identical in all material respects to the Notes (except that the Exchange Notes were issued under a registration statement pursuant to the Securities Act of 1933, as amended). References to the Notes shall also be deemed to include the Exchange Notes unless the context provides otherwise.

As of March 31, 2011, the availability for additional borrowings under the Credit Facility was \$750 million pursuant to the revolving credit facility, of which \$81.9 million was set aside for outstanding letters of credit. CHS has the ability to amend the Credit Facility to provide for one or more tranches of term loans in an aggregate principal amount of \$1.0 billion, which CHS has not yet accessed. CHS also has the ability to add up to \$300 million of borrowing capacity from receivable transactions (including securitizations) under the Credit Facility, which has not yet been accessed. As of March 31, 2011, the weighted-average interest rate under the Credit Facility, excluding swaps, was 3.3%.

The Company paid interest of \$226.1 million and \$220.2 million on borrowings during the three months ended March 31, 2011 and 2010, respectively.

#### 13. FAIR VALUE OF FINANCIAL INSTRUMENTS

The fair value of financial instruments has been estimated by the Company using available market information as of March 31, 2011 and December 31, 2010, and valuation methodologies considered appropriate. The estimates presented are not necessarily indicative of amounts the Company could realize in a current market exchange (in thousands):

	March	31, 2011	December 31, 2010		
	Carrying	Estimated Fair	Carrying	Estimated Fair	
	Amount	Value	Amount	Value	
Assets:					
Cash and cash equivalents	\$ 270,716	\$ 270,716	\$ 299,169	\$ 299,169	
Available-for-sale securities	32,733	32,733	31,570	31,570	
Trading securities	39,052	39,052	35,092	35,092	
Liabilities:					
Credit Facility	5,986,789	5,945,598	5,999,337	5,882,124	
Senior notes	2,784,331	2,930,508	2,784,331	2,923,548	
Other debt	39,656	39,656	36,122	36,122	

Cash and cash equivalents. The carrying amount approximates fair value due to the short-term maturity of these instruments (less than three months). Available-for-sale securities. Estimated fair value is based on closing price as quoted in public markets.

## NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) — (Continued)

Trading securities. Estimated fair value is based on closing price as quoted in public markets.

Credit Facility. Estimated fair value is based on information from the Company's bankers regarding relevant pricing for trading activity among the Company's lending institutions.

Senior notes. Estimated fair value is based on the average bid and ask price as quoted by the bank who served as underwriter in the sale of these notes.

Other debt. The carrying amount of all other debt approximates fair value due to the nature of these obligations.

Interest rate swaps. The fair value of interest rate swap agreements is the amount at which they could be settled, based on estimates calculated by the Company using a discounted cash flow analysis based on observable market inputs and validated by comparison to estimates obtained from the counterparty. The Company incorporates credit valuation adjustments ("CVAs") to appropriately reflect both its own nonperformance or credit risk and the respective counterparty's nonperformance or credit risk in the fair value measurements. In adjusting the fair value of its interest rate swap agreements for the effect of nonperformance or credit risk, the Company has considered the impact of any netting features included in the agreements.

The Company assesses the effectiveness of its hedge instruments on a quarterly basis. For the three months ended March 31, 2011 and 2010, the Company completed an assessment of the cash flow hedge instruments and determined the hedges to be highly effective. The Company has also determined that the ineffective portion of the hedges do not have a material effect on the Company's consolidated financial position, operations or cash flows. The counterparties to the interest rate swap agreements expose the Company to credit risk in the event of nonperformance. However, at March 31, 2011, each swap agreement entered into by the Company was in a net liability position so that the Company would be required to make the net settlement payments to the counterparties; the Company does not anticipate nonperformance by those counterparties. The Company does not hold or issue derivative financial instruments for trading purposes.

## ${\bf NOTES\ TO\ CONDENSED\ CONSOLIDATED\ FINANCIAL\ STATEMENTS\ (UNAUDITED) -- (Continued)}$

Interest rate swaps consisted of the following at March 31, 2011:

# COMMUNITY HEALTH SYSTEMS, INC. AND SUBSIDIARIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) — (Continued)

- (1) This interest rate swap becomes effective October 26, 2011, concurrent with the termination of swap #8.
- (2) This interest rate swap becomes effective August 8, 2011, concurrent with the termination of swap #1.
- (3) This interest rate swap becomes effective August 19, 2011, concurrent with the termination of swap #2 and #4.
- (4) This interest rate swap becomes effective August 19, 2011, concurrent with the termination of swap #3.
- (5) This interest rate swap becomes effective August 30, 2011, concurrent with the termination of swap #5.

The Company is exposed to certain risks relating to its ongoing business operations. The risk managed by using derivative instruments is interest rate risk. Interest rate swaps are entered into to manage interest rate fluctuation risk associated with the term loans in the Credit Facility. Companies are required to recognize all derivative instruments as either assets or liabilities at fair value in the condensed consolidated balance sheet. The Company designates its interest rate swaps as cash flow hedges. For derivative instruments that are designated and qualify as cash flow hedges, the effective portion of the gain or loss on the derivative is reported as a component of other comprehensive income ("OCI") and reclassified into earnings in the same period or periods during which the hedged transactions affect earnings. Gains and losses on the derivative representing either hedge ineffectiveness or hedge components excluded from the assessment of effectiveness are recognized in current earnings.

Assuming no change in March 31, 2011 interest rates, approximately \$189.3 million of interest expense resulting from the spread between the fixed and floating rates defined in each interest rate swap agreement will be recognized during the next 12 months. If interest rate swaps do not remain highly effective as a cash flow hedge, the derivatives' gains or losses resulting from the change in fair value reported through OCI will be reclassified into earnings.

The following tabular disclosure provides the amount of pre-tax gain (loss) recognized in the condensed consolidated balance sheets as a component of OCI during the three months ended March 31, 2011 and 2010 (in thousands):

Derivatives in Cash Flow Hedging	Amount of Pre-Tax Gain (Loss) Recognized in OCI			
Relationships	on Derivative (Effective Portion)			
<del>-</del>	Three Months Ended March 31,			
	2011 2010			2010

# COMMUNITY HEALTH SYSTEMS, INC. AND SUBSIDIARIES NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) — (Continued)

#### 14. FAIR VALUE

## Fair Value Hierarchy

Fair value is a market-based measurement, not an entity-specific measurement. Therefore, a fair value measurement should be determined based on the assumptions that market participants would use in pricing the asset or liability. As a basis for considering market participant assumptions in fair value measurements, the Company utilizes the U.S. GAAP fair value hierarchy that distinguishes between market participant assumptions based on market data obtained from sources independent of the reporting entity (observable inputs that are classified within Levels 1 and 2 of the hierarchy) and the reporting entity's own assumption about market participant assumptions (unobservable inputs classified within Level 3 of the hierarchy).

The inputs used to measure fair value are classified into the following fair value hierarchy:

- Level 1: Quoted market prices in active markets for identical assets or liabilities.
- Level 2: Observable market-based inputs or unobservable inputs that are corroborated by market data.
- Level 3: Unobservable inputs that are supported by little or no market activity and are significant to the fair value of the assets or liabilities. Level 3 includes values determined using pricing models, discounted cash flow methodologies, or similar techniques reflecting the Company's own assumptions.

In instances where the determination of the fair value hierarchy measurement is based on inputs from different levels of the fair value hierarchy, the level in the fair value hierarchy within which the entire fair value measurement falls is based on the lowest level input that is significant to the fair value measurement in its entirety. The Company's assessment of the significance of a particular input to the fair value measurement in its entirety requires judgment of factors specific to the asset or liability.

The following table sets forth, by level within the fair value hierarchy, the financial assets and liabilities recorded at fair value on a recurring basis as of March 31, 2011 and December 31, 2010 (in thousands):

	March 31, 2011	Level 1	Level 2	Level 3

## NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) — (Continued)

Available-for-sale securities and trading securities classified as Level 1 are measured using quoted market prices.

The valuation of the Company's interest rate swap agreements is determined using market valuation techniques, including discounted cash flow analysis on the expected cash flows of each agreement. This analysis reflects the contractual terms of the agreement, including the period to maturity, and uses observable market-based inputs, including forward interest rate curves. The fair value of interest rate swap agreements are determined by netting the discounted future fixed cash payments and the discounted expected variable cash receipts. The variable cash receipts are based on the expectation of future interest rates based on observable market forward interest rate curves and the notional amount being hedged.

The Company incorporates CVAs to appropriately reflect both its own nonperformance or credit risk and the respective counterparty's nonperformance or credit risk in the fair value measurements. In adjusting the fair value of its interest rate swap agreements for the effect of nonperformance or credit risk, the Company has considered the impact of any netting features included in the agreements. The CVA on the Company's interest rate swap agreements at March 31, 2011 resulted in a decrease in the fair value of the related liability of \$13.2 million and an after-tax adjustment of \$8.4 million to OCI. The CVA on the Company's interest rate swap agreements at December 31, 2010 resulted in a decrease in the fair value of the related liability of \$3.9 million and an after-tax adjustment of \$2.5 million to OCI.

The majority of the inputs used to value its interest rate swap agreements, including the forward interest rate curves and market perceptions of the Company's credit risk used in the CVAs, are observable inputs available to a market participant. As a result, the Company has determined that the interest rate swap valuations are classified in Level 2 of the fair value hierarchy.

## 15. RECENT ACCOUNTING PRONOUNCEMENTS

In August 2010, the Financial Accounting Standards Board ("FASB") issued Accounting Standards Update ("ASU") 2010-24, which provides clarification to companies in the healthcare industry on the accounting for professional liability insurance. This ASU states that receivables related to insurance recoveries should not be netted against the related claim liability and such claim liabilities should be determined without considering insurance recoveries. This ASU is effective for fiscal years beginning after December 15, 2010 and was adopted by the Company on January 1, 2011. The adoption of this ASU had an immaterial impact to the condensed consolidated balance sheet at March 31, 2011 and no impact to the condensed consolidated statement of income for the three months ended March 31, 2011.

In August 2010, the FASB issued ASU 2010-23, which requires a company in the healthcare industry to use its direct and indirect costs of providing charity care as the measurement basis for charity care disclosures. This ASU also requires additional disclosures of the method used to determine such costs. The Company adopted this ASU on January 1, 2011. In the ordinary course of business, the Company renders services to patients who are financially unable to pay for hospital care. Included in the provision for contractual allowances is the value (at the Company's standard charges) of these services to patients who are unable to pay that is eliminated from net operating revenues when it is determined they qualify under the Company's charity care policy. The estimated cost incurred by the Company to provide these services to patients who are unable to pay was approximately \$30.7 million and \$26.2 million for the three months ended March 31, 2011 and 2010, respectively. The estimated cost of these charity care services was determined using a ratio of cost to gross charges and applying that ratio to the gross charges associated with providing care to charity patients for the period. Gross charges associated with providing care to charity patients includes only the related charges for those patients who are financially unable to pay and qualify under the Company's charity care policy and that do not otherwise qualify for reimbursement from a governmental program.

## NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) — (Continued)

#### 16. SEGMENT INFORMATION

The Company operates in three distinct operating segments, represented by hospital operations (which includes its general acute care hospitals and related healthcare entities that provide inpatient and outpatient healthcare services), home care agency operations (which provide in-home outpatient care), and hospital management services (which provides executive management and consulting services to non-affiliated acute care hospitals). Only the hospital operations segment meets the criteria as a separate reportable segment. The financial information for the home care agencies and hospital management services segments do not meet the quantitative thresholds for a separate identifiable reportable segment and are combined into the corporate and all other reportable segment.

The distribution between reportable segments of the Company's revenues and income from continuing operations before income taxes is summarized in the following tables (in thousands):

Three Months Ended

	Marc	
	2011	2010
Revenues:		
Hospital operations	\$3,335,758	\$ 3,057,335
Corporate and all other	69,584	68,172
Total	\$ 3,405,342	\$3,125,507
Income from continuing operations before income taxes:		
Hospital operations	\$ 177,339	\$ 162,865
Corporate and all other	(42,416)	(35,391)
Total	\$ 134,923	\$ 127,474

#### 17. CONTINGENCIES

The Company is a party to various legal proceedings incidental to its business. In the opinion of management, any ultimate liability with respect to these actions will not have a material adverse effect on the Company's consolidated financial position, cash flows or results of operations. With respect to all litigation matters, the Company considers the likelihood of a negative outcome. If the Company determines the likelihood of a negative outcome is probable and the amount of the loss can be reasonably estimated, the Company records an estimated loss for the expected outcome of the litigation. If the likelihood of a negative outcome is reasonably possible and the Company is able to determine an estimate of the possible loss or a range of loss, the Company discloses that fact together with the estimate of the possible loss or range of loss. However, it is difficult to predict the outcome or estimate a possible loss or range of loss in some instances because litigation is subject to significant uncertainties. For all of the legal matters below, the Company believes that a negative outcome is reasonably possible, but the Company is unable to determine an estimate of the possible loss or a range of loss.

In a letter dated October 4, 2007, the Civil Division of the Department of Justice notified the Company that, as a result of an investigation into the way in which different state Medicaid programs apply to the federal government for matching or supplemental funds that are ultimately used to pay for a small portion of the services provided to Medicaid and indigent patients, it believes the Company and three of its New Mexico hospitals have caused the State of New Mexico to submit improper claims for federal funds in violation of the Federal False Claims Act. In a letter dated January 22, 2008, the Civil Division notified the Company that based on its investigation, it has calculated that these three hospitals received ineligible federal participation payments from August 2000 to June 2006 of approximately \$27.5 million. The Civil Division also advised the Company that were it to proceed to trial, it would seek treble damages plus an appropriate penalty for each of the violations of the False Claims Act. This investigation has culminated in the federal government's intervention in a qui tam lawsuit styled U.S. ex rel. Baker vs. Community Health Systems, Inc. The federal government filed its complaint in intervention on June 30, 2009. The relator filed a second amended complaint on July 1, 2009. Both of these complaints expand the time period during which alleged improper payments were made. The Company filed motions to dismiss all of the federal government's and the relator's claims on August 28, 2009. On March 19, 2010, the court granted in part and denied in part the Company's motion to dismiss as to the relator's complaint. On July 7, 2010, the court denied the Company's

## NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) — (Continued)

motion to dismiss the federal government's complaint in intervention. The Company has filed its answer and pretrial discovery has begun. The Company is vigorously defending this action.

On June 12, 2008, two of the Company's hospitals received letters from the U.S. Attorney's Office for the Western District of New York requesting documents in an investigation it was conducting into billing practices with respect to kyphoplasty procedures performed during the period January 1, 2002, through June 9, 2008. On September 16, 2008, one of the Company's hospitals in South Carolina also received an inquiry. Kyphoplasty is a surgical spine procedure that returns a compromised vertebrae (either from trauma or osteoporotic disease process) to its previous height, reducing or eliminating severe pain. The Company has been informed that similar investigations have been initiated at unaffiliated facilities in Alabama, South Carolina, Indiana and other states. The Company believes that this investigation is related to a qui tam settlement between the same U.S. Attorney's office and the manufacturer and distributor of the Kyphon product, which is used in performing the kyphoplasty procedure. The Company is cooperating with the investigation by collecting and producing material responsive to the requests. The Company is continuing to evaluate and discuss this matter with the federal government.

## 18. SUBSEQUENT EVENTS

The Company evaluated all material events occurring subsequent to the balance sheet date for events requiring disclosure or recognition in the condensed consolidated financial statements.

On April 8, 2011, the Company received a document subpoena, dated March 31, 2011, from the U.S. Department of Health and Human Services, Office of Inspector General (the "OIG"), in connection with an investigation of possible improper claims submitted to Medicare and Medicaid. The subpoena, issued from the OIG's Chicago, Illinois office, requested documents from all of the Company's hospitals and appears to concern emergency department processes and procedures, including the Company's hospitals' use of the Pro-MED Clinical Information System, which is a third-party software system that assists with the management of patient care and provides operational support and data collection for emergency department management and has the ability to track discharge, transfer and admission recommendations of emergency department physicians. The subpoena also requests other information about the Company's relationships with emergency department physicians, including financial arrangements. The subpoena's requests are very similar to those contained in the Civil Investigative Demands received by the Company's Texas hospitals from the Office of the Attorney General of the State of Texas on November 15, 2010.

On April 11, 2011, Tenet Healthcare Corporation ("Tenet") filed suit against the Company, Wayne T. Smith and W. Larry Cash in the U.S. District Court for the Northern District of Texas. The suit alleges the Company committed violations of certain federal securities laws by making certain statements in various proxy materials filed with the SEC in connection with the Company's offer to purchase Tenet. Tenet alleges that the Company engaged in a practice to under-utilize observation status and over-utilize inpatient admission status and asserts that by doing so, the Company created undisclosed financial and legal liability to federal, state and private payors. The suit seeks declaratory and injunctive relief and Tenet's costs. On April 19, 2011, the Company filed a motion to dismiss the complaint. Until the court rules on the motion to dismiss, the Company and other defendants are not required to file a formal answer to the complaint, however, on April 28, 2011, the Company responded to the allegations during its earnings release conference call as discussed in the Company's Form 8-K furnished on April 28, 2011. The Company will continue to vigorously defend this suit.

On April 18, 2011, the Company announced that it has offered \$6.00 per share in cash to acquire all outstanding shares of Tenet. The offer was made in a letter to Tenet's Board of Directors on April 18, 2011, and rejected by Tenet on April 22, 2011. On December 9, 2010, the Company made public its previous offer to acquire all outstanding shares of Tenet for \$6.00 per share, including \$5.00 per share in cash and \$1.00 per share in the Company's common stock, which represented a premium of 40 percent over Tenet's closing stock price on December 9, 2010. The offer was made in a letter to Tenet's Board of Directors on November 12, 2010, and rejected by Tenet on December 6, 2010. On December 20, 2010, the Company announced its intention to nominate director nominees for election to Tenet's Board of Directors at Tenet's 2011 Annual Meeting of Stockholders, and on January 14, 2011, a full slate of 10 independent director nominees was nominated. All 10 positions on Tenet's Board are up for election at its 2011 annual meeting, which has been delayed until November 3, 2011.

On April 22, 2011, a joint motion was filed by the relator and the U.S. Department of Justice in the case styled United States ex rel. and Reuille vs. Community Health Systems Professional Services Corporation and Lutheran Musculoskeletal Center, LLC d/b/a Lutheran Hospital, in the United States District Court for the Northern District of Indiana, Fort Wayne Division. The lawsuit was originally filed under seal on January 7, 2009. The suit is brought under the False Claims Act and alleges that Lutheran Hospital of Indiana billed the Medicare program for (a) false 23 hour observation after outpatient surgeries and procedures, and (b) intentional assignment of inpatient status to one-day stays for cases that do not meet Medicare criteria for inpatient intensity of service or severity of illness. The relator had worked in the case management department of Lutheran Hospital of Indiana but was reassigned to another department in the fall of 2006. This facility was acquired by the Company as part of the July 25, 2007 merger transaction with Triad. The complaint also includes allegations of age discrimination in Ms. Reuille's 2006 reassignment and retaliation in connection with her resignation on October 1, 2008. The Company had cooperated fully with the government in its investigation of this matter, but had been unaware of the exact nature of the allegations in the complaint. On December 27, 2010, the government filed a notice that it declined to intervene in this suit. The current motion contains additional information about how the government intends to proceed with an investigation regarding "allegations of improper" billing for inpatient care at other hospitals associated with Community Health Systems, Inc. . . . asserted in other qui tam complaints in other jurisdictions." The motion states that the Department of Justice has now "consolidated its investigations" of the Company and other related entities and that "the Civil Division of the Department of Justice, multiple United States Attorneys' offices, and the Office of Inspector General for the Department of Health and Human Services (the "HHS") are now closely coordinating their investigation of these overlapping allegations. The Attorney General of Texas has initiated an investigation; the United States intends to work cooperatively with Texas and any other States investigating these allegations." The motion also states that the Office of Audit Services for the Office of Investigations for HHS has been engaged to conduct a national audit of certain of the Company's Medicare claims. The government confirmed that it considers the allegations made in the complaint styled Tenet Healthcare Corporation vs. Community Health Systems, Inc., et al. filed in the United States District Court for the Northern District of Texas, Dallas Division on April 11, 2011 to be related to the allegations in the qui tam and to what the government is now describing as a consolidated investigation. Because qui tam suits are filed "under seal," no one but the relator and the government knows that the suit has been filed or what allegations are being made by the relator on behalf of the government. Initially, the government has 60 days to make a determination about whether to intervene in a case and to act as the plaintiff or to decline to intervene and allow the relator to act as the plaintiff in the suit, but extensions of time are frequently granted

to allow the government additional time to investigate the allegations. Even if, in the course of an investigation, the court partially unseals a complaint to allow the government and a defendant to work to a resolution of the complaint's allegations, the defendant is prohibited from revealing to anyone even that the partial unsealing has occurred. As the investigation proceeds, the Company may learn of additional qui tam suits filed against the Company or its affiliated hospitals or related entities, or that contact letters, document requests, or medical record requests the Company has received in the past from various governmental agencies are generated from qui tam cases filed under seal. The motion filed on April 22, 2011 concludes by requesting a stay of the litigation in the Reuille case for 180 days, and on April 25, 2011, the court granted the motion. The Company's management company subsidiary, Community Health Systems Professional Services Corporation, the defendant in the Reuille case, consented to the request for the stay. The Company is cooperating fully with the government in its investigations and is currently unable to predict the outcome of these investigations.

## NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS (UNAUDITED) — (Continued)

## 19. SUPPLEMENTAL CONDENSED CONSOLIDATING FINANCIAL INFORMATION

In connection with the consummation of the Triad acquisition, CHS obtained approximately \$7.2 billion of senior secured financing under the Credit Facility and issued the Notes in the aggregate principal amount of approximately \$3.0 billion. The Notes are senior unsecured obligations of CHS and are guaranteed on a senior basis by the Company and by certain of its existing and subsequently acquired or organized 100% owned domestic subsidiaries.

The Notes are fully and unconditionally guaranteed on a joint and several basis. The following condensed consolidating financial statements present Community Health Systems, Inc. (as parent guarantor), CHS (as the issuer), the subsidiary guarantors, the subsidiary non-guarantors and eliminations. These condensed consolidating financial statements have been prepared and presented in accordance with SEC Regulation S-X Rule 3-10 "Financial Statements of Guaranters and Issuers of Guaranteed Securities Registered or Being Registered."

The accounting policies used in the preparation of this financial information are consistent with those elsewhere in the consolidated financial statements of the Company, except as noted below:

- Intercompany receivables and payables are presented gross in the supplemental consolidating balance sheets.
- Cash flows from intercompany transactions are presented in cash flows from financing activities, as changes in intercompany balances with affiliates, net.
- Income tax expense is allocated from the parent guarantor to the income producing operations (other guarantors and non-guarantors) and the issuer
  through stockholders' equity. As this approach represents an allocation, the income tax expense allocation is considered non-cash for statement of
  cash flow purposes.
- Interest expense, net has been presented to reflect net interest expense and interest income from outstanding long-term debt and intercompany balances.

The Company's intercompany activity consists primarily of daily cash transfers for purposes of cash management, the allocation of certain expenses and expenditures paid for by the parent on behalf of its subsidiaries, and the push down of investment in its subsidiaries. The Company's subsidiaries generally do not purchase services from each other; thus, the intercompany transactions do not represent revenue generating transactions. All intercompany transactions eliminate in consolidation.

From time to time, the Company sells and/or repurchases noncontrolling interests in consolidated subsidiaries, which may change subsidiaries between guarantors and non-guarantors. Amounts for prior periods are restated to reflect the status of guarantors or non-guarantors as of March 31, 2011.

#### Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations

You should read this discussion together with our unaudited condensed consolidated financial statements and accompanying notes included herein.

Throughout this Quarterly Report on Form 10-Q, Community Health Systems, Inc., the parent company, and its consolidated subsidiaries are referred to on a collective basis using words like "we," "our," "us" and the "Company". This drafting style is not meant to indicate that the publicly-traded parent company or any subsidiary of the parent company owns or operates any asset, business, or property. The hospitals, operations and businesses described in this filing are owned and operated, and management services provided, by distinct and indirect subsidiaries of Community Health Systems, Inc.

## **Executive Overview**

We are one of the largest publicly-traded operators of hospitals in the United States. We provide healthcare services through these hospitals that we own and operate in non-urban and selected urban markets. We generate revenue primarily by providing a broad range of general hospital healthcare services to patients in the communities in which we are located. We currently own and operate 130 hospitals comprised of 126 general acute care hospitals and four stand-alone rehabilitation or psychiatric hospitals, including one hospital held for sale at March 31, 2011. In addition, we own and operate home care agencies, located primarily in markets where we also operate a hospital, and through our wholly-owned subsidiary, Quorum Health Resources, LLC, or QHR, we provide management and consulting services to non-affiliated general acute care hospitals located throughout the United States. For the hospitals and home care agencies that we own and operate, we are paid for our services by governmental agencies, private insurers and directly by the patients we serve. For our management and consulting services, we are paid by the non-affiliated hospitals utilizing our services.

Our net operating revenues for the three months ended March 31, 2011 increased to approximately \$3.4 billion, as compared to approximately \$3.1 billion for the three months ended March 31, 2010. Income from continuing operations, before noncontrolling interests, for the three months ended March 31, 2011 increased 5.4% over the three months ended March 31, 2010 to \$91.1 million compared to \$86.5 million. This increase in income from continuing operations during the three months ended March 31, 2011, as compared to the three months ended March 31, 2010, is due primarily to the execution of our revenue growth initiatives at those hospitals owned throughout both periods, general rate and reimbursement increases and our effective management of operating expenses. Our successful physician recruiting efforts have also been a key driver in the execution of our operating strategies. Total inpatient admissions for the three months ended March 31, 2011 increased 1.4%, compared to the three months ended March 31, 2010, and adjusted admissions for the three months ended March 31, 2011 increased 4.7%, compared to the three months ended March 31, 2010. This increase in inpatient and adjusted admissions was due primarily to acquisitions during the past twelve months.

During the three months ended March 31, 2011, we sold a multi-specialty physician clinic and identified a hospital as held for sale. Accordingly, the related results of operations, adjustment to fair value and the loss on sale have been classified as discontinued operations in the condensed consolidated statements of income for the three-month periods ended March 31, 2011 and 2010.

Self-pay revenues represented approximately 12.3% and 11.4% of our net operating revenues for the three months ended March 31, 2011 and 2010, respectively. The amount of foregone revenue related to providing charity care services as a percentage of net operating revenues was approximately 4.4% and 4.0% for the three months ended March 31, 2011 and 2010, respectively. Direct and indirect costs incurred by us in providing charity care services were approximately 0.9% and 0.8% of net operating revenues for the three months ended March 31, 2011 and 2010, respectively.

The Patient Protection and Affordable Care Act, or PPACA, was signed into law on March 23, 2010. In addition, the Health Care and Education Affordability Reconciliation Act of 2010, or Reconciliation Act, which contains a number of amendments to PPACA, was signed into law on March 30, 2010. These healthcare acts, referred to collectively as the Reform Legislation, include a mandate that requires substantially all U.S. citizens to maintain medical insurance coverage which will ultimately increase the number of persons with access to health insurance in the United States. The Reform Legislation should result in a reduction in uninsured patients, which should reduce our expense from uncollectible accounts receivable; however, this legislation makes a number of other changes to Medicare and Medicaid, such as reductions to the Medicare annual market basket update for federal fiscal years 2010 through 2019, a productivity offset to the Medicare market basket update beginning October 1, 2011, and a reduction to the Medicare and Medicaid disproportionate share payments, that could adversely impact the reimbursement received under these programs. The various provisions in the Reform Legislation that directly or indirectly affect reimbursement are scheduled to take effect over a

#### **Table of Contents**

number of years, and we cannot predict their impact at this time. Other provisions of the Reform Legislation, such as requirements related to employee health insurance coverage, should increase our operating costs.

Also included in the Reform Legislation are provisions aimed at reducing fraud, waste and abuse in the healthcare industry. These provisions allocate significant additional resources to federal enforcement agencies and expand the use of private contractors to recover potentially inappropriate Medicare and Medicaid payments. The Reform Legislation amends several existing federal laws, including the federal anti-kickback statute and the False Claims Act, making it easier for government agencies and private plaintiffs to prevail in lawsuits brought against healthcare providers. These amendments also make it easier for potentially severe fines and penalties to be imposed on healthcare providers accused of violating applicable laws and regulations.

In a number of markets, we have partnered with local physicians in the ownership of our facilities. Such investments have been permitted under an exception to the physician self-referral law, or the Stark Law, that allows physicians to invest in an entire hospital (as opposed to individual hospital departments). The Reform Legislation changes the "whole hospital" exception to the Stark Law. The Reform Legislation permits existing physician investments in a whole hospital to continue under a "grandfather" clause if the arrangement satisfies certain requirements and restrictions, but physicians became prohibited, from the time the Reform Legislation became effective, from increasing the aggregate percentage of their ownership in the hospital. The Reform Legislation also restricts the ability of existing physician-owned hospitals to expand the capacity of their facilities. Physician investments in hospitals that are under development are protected by the grandfather clause only if the physician investments were made prior to the time the Reform Legislation became effective and the hospital has a Medicare provider agreement with an effective date on or prior to December 31, 2010.

The impact of the Reform Legislation on each of our hospitals will vary depending on payor mix and a variety of other factors. We anticipate that many of the provisions in the Reform Legislation will be subject to further clarification and modification through the rule-making process, the development of agency guidance and judicial interpretations. Moreover, a number of state attorneys general are challenging the legality of certain aspects of the Reform Legislation. Currently, rulings in five separate Federal District Courts, regarding the constitutionality of the Reform Legislation, have been split, with three courts ruling in favor of the legislation and two courts ruling that part or all of the Reform Legislation was unconstitutional. These decisions are likely to be appealed and may ultimately end up before the United States Supreme Court. We cannot predict the impact the Reform Legislation may have on our business, results of operations, cash flow, capital resources and liquidity or the ultimate outcome of the judicial rulings. Furthermore, we cannot predict whether we will be able to modify certain aspects of our operations to offset any potential adverse consequences from the Reform Legislation.

On April 18, 2011, we announced that we have offered \$6.00 per share in cash to acquire all outstanding shares of Tenet Healthcare Corporation, or Tenet. The offer was made in a letter to Tenet's Board of Directors on April 18, 2011, and rejected by Tenet on April 22, 2011. On December 9, 2010, we made public our previous offer to acquire all outstanding shares of Tenet for \$6.00 per share, including \$5.00 per share in cash and \$1.00 per share in our common stock, which represented a premium of 40 percent over Tenet's closing stock price on December 9, 2010. The offer was made in a letter to Tenet's Board of Directors on November 12, 2010, and rejected by Tenet on December 6, 2010. On December 20, 2010, we announced our intention to nominate director nominees for election to Tenet's Board of Directors at Tenet's 2011 Annual Meeting of Stockholders, and on January 14, 2011, a full slate of 10 independent director nominees was nominated. All 10 positions on Tenet's Board are up for election at its 2011 annual meeting, which has been delayed until November 3, 2011.

On April 11, 2011, Tenet filed suit against the Company, Wayne T. Smith and W. Larry Cash alleging we engaged in a practice to under-utilize observation status and over-utilize inpatient admission status and asserts that by doing so, we created undisclosed financial and legal liability to federal, state and private payors. Also, on April 22, 2011 the Company was advised that the Department of Justice has consolidated its investigations of the Company and other related entities regarding allegations of improper billing for inpatient care. See "Legal Proceedings" in Part II, Item 1 of this Form 10-Q for a further discussion of these matters.

As a result of our current levels of cash, available borrowing capacity, long-term outlook on our debt repayments and our continued projection of our ability to generate cash flows, we do not anticipate a significant impact on our ability to invest the necessary capital in our business over the next twelve months and into the foreseeable future. We believe there continues to be ample opportunity for growth in substantially all of our markets by decreasing the need for patients to travel outside their communities for healthcare services. Furthermore, we continue to benefit from synergies from the acquisition of Triad Hospitals, Inc., or Triad, as well as our more recent acquisitions and will continue to strive to improve operating efficiencies and procedures in order to improve our profitability at all of our hospitals.

#### **Sources of Consolidated Net Operating Revenues**

The following table presents the approximate percentages of net operating revenues derived from Medicare, Medicaid, managed care, self-pay and other sources for the periods indicated. The data for the periods presented are not strictly comparable due to the effect that hospital acquisitions have had on these statistics.

	Three Mont	Three Months Ended	
	March	March 31,	
	2011	2010	
Medicare	27.5%	27.8%	
Medicaid	9.6%	10.2%	
Managed Care and other third-party payors	50.6%	50.6%	
Self-pay	12.3%	11.4%	
Total	100.0%	100.0%	

As shown above, we receive a substantial portion of our revenues from the Medicare and Medicaid programs. Included in Managed Care and other third-party payors is net operating revenues from insurance companies with which we have insurance provider contracts, Medicare Managed Care, insurance companies for which we do not have insurance provider contracts, workers' compensation carriers, and non-patient service revenue, such as rental income and cafeteria sales. In the future, we generally expect revenues received from the Medicare and Medicaid programs to increase due to the general aging of the population. In addition, the Reform Legislation will increase the number of insured patients which should reduce revenues from self-pay patients and reduce the provision for bad debts. The Reform Legislation, however, imposes significant reductions in amounts the government pays Medicare Managed Care plans. Other provisions in the Reform Legislation impose minimum medical-loss ratios and require insurers to meet specific benefit requirements. In addition, specified managed care programs, insurance companies, and employers are actively negotiating the amounts paid to hospitals. The trend toward increased enrollment in managed care may adversely affect our net operating revenue growth. There can be no assurance that we will retain our existing reimbursement arrangements or that these third-party payors will not attempt to further reduce the rates they pay for our services.

Net operating revenues include amounts estimated by management to be reimbursable by Medicare and Medicaid under prospective payment systems and provisions of cost-based reimbursement and other payment methods. In addition, we are reimbursed by non-governmental payors using a variety of payment methodologies. Amounts we receive for treatment of patients covered by these programs are generally less than the standard billing rates. We account for the differences between the estimated program reimbursement rates and the standard billing rates as contractual allowance adjustments, which we deduct from gross revenues to arrive at net operating revenues. Final settlements under some of these programs are subject to adjustment based on administrative review and audit by third parties. We account for adjustments to previous program reimbursement estimates as contractual allowance adjustments and report them in the periods that such adjustments become known. Contractual allowance adjustments related to final settlements and previous program reimbursement estimates impacted net operating revenues and net income by an insignificant amount in each of the three-month periods ended March 31, 2011 and 2010. In the future, we expect the percentage of revenues received from the Medicare program to increase due to the general aging of the population.

Currently, several states utilize supplemental reimbursement programs for the purpose of providing reimbursement to providers to offset a portion of the cost of providing care to Medicaid and indigent patients. These programs are designed with input from CMS and are funded with a combination of state and federal resources, including, in certain instances, fees or taxes levied on the providers. Similar programs are also being considered by other states. After these supplemental programs are signed into law, we recognize revenue and related expenses in the period in which amounts are estimable and collection is reasonably assured. Reimbursement under these programs is reflected in net operating revenues and included as Medicaid revenues in the table above, and fees, taxes or other program related costs are reflected in other operating costs and expenses.

The payment rates under the Medicare program for hospital inpatient and outpatient acute care services are based on a prospective payment system, depending upon the diagnosis of a patient's condition. These rates are indexed for inflation annually, although increases have historically been less than actual inflation. On August 16, 2010, CMS issued the final rule to adjust this index by 2.6% for hospital inpatient acute care services that are reimbursed under the prospective payment system. The final rule also makes other payment adjustments that, coupled with the 0.25% reduction to hospital inpatient rates implemented pursuant to the Reform Legislation referred to below, yield a net 0.4% reduction in reimbursement for hospital inpatient acute care services beginning October 1, 2010. The Reform Legislation implemented a 0.25% reduction to hospital inpatient rates effective April 1, 2010 and 0.25% reductions to hospital outpatient rates effective each of January 1, 2010 and January 1, 2011. Reductions in the rate of increase or overall reductions in Medicare reimbursement may cause a decline in the growth of our net operating revenues. In addition, specified managed care programs, insurance companies and employers are actively negotiating the amounts paid to hospitals. The trend toward increased enrollment in managed care may adversely affect our net operating revenue growth.

# **Results of Operations**

Our hospitals offer a variety of services involving a broad range of inpatient and outpatient medical and surgical services. These include general acute care, emergency room, general and specialty surgery, critical care, internal medicine, obstetrics, diagnostic services, psychiatric and rehabilitation services. The strongest demand for hospital services generally occurs during January through April and the weakest demand for these services occurs during the summer months. Accordingly, eliminating the effect of new acquisitions, our net operating revenues and earnings are historically highest during the first quarter and lowest during the third quarter.

The following tables summarize, for the periods indicated, selected operating data.

		Three Months Ended March 31,

<sup>(</sup>a) Operating expenses include salaries and benefits, provision for bad debts, supplies, rent and other operating expenses.

<sup>(</sup>b) Adjusted admissions is a general measure of combined inpatient and outpatient volume. We computed adjusted admissions by multiplying admissions by gross patient revenues and then dividing that number by gross inpatient revenues.

<sup>(</sup>c) Includes loss from discontinued operations.

<sup>(</sup>d) Includes acquired hospitals to the extent we operated them in both periods.

#### Three Months Ended March 31, 2011 Compared to Three Months Ended March 31, 2010

Net operating revenues increased \$279.8 million to approximately \$3.4 billion for the three months ended March 31, 2011, from approximately \$3.1 billion for the three months ended March 31, 2010. Growth from hospitals owned throughout both periods contributed \$160.8 million of that increase and hospitals acquired in 2010 contributed \$119.0 million. On a same-store basis, net operating revenues increased 5.1%. The increased net operating revenues contributed by hospitals that we owned throughout both periods were primarily attributable to general rate and reimbursement increases.

On a consolidated basis, inpatient admissions increased by 1.4% and adjusted admissions increased by 4.7%. On a same-store basis, inpatient admissions decreased by 3.4% during the three months ended March 31, 2011. This increase in inpatient and adjusted admissions was due primarily to acquisitions during the past twelve months. This decrease in same-store inpatient admissions was due primarily to a decrease in admissions from lower birth rates driven by the downturn in the economy, reductions in one day stays of which over 75% related to non-Medicare patients, reductions due to weather and certain service closures during the three months ended March 31, 2011, as compared to the three months ended March 31, 2010.

Operating expenses, excluding depreciation and amortization, as a percentage of net operating revenues, increased 0.5% to 87.0% for the three months ended March 31, 2010. Salaries and benefits, as a percentage of net operating revenues, increased 0.6% to 41.2% for the three months ended March 31, 2011, compared to 40.6% for the three months ended March 31, 2010. This increase is due primarily to the impact of recent acquisitions and an increase in the number of employed physicians, which offset efficiencies gained at hospitals owned throughout both periods. Provision for bad debts as a percentage of net operating revenues, remained consistent at 12.0% for each of the three-month periods ended March 31, 2011 and 2010. Supplies, as a percentage of net operating revenues, decreased 0.1% to 13.6% for the three months ended March 31, 2011, as compared to 13.7% for the three months ended March 31, 2010. Other operating expenses, as a percentage of net operating revenues, increased 0.1% to 18.3% for the three months ended March 31, 2011, as compared to 18.2% for the three months ended March 31, 2010. Rent, as a percentage of net operating revenues, decreased 0.1% to 1.9% for the three months ended March 31, 2011, as compared to 2.0% for the three months ended March 31, 2010. Equity in earnings of unconsolidated affiliates, as a percentage of net operating revenues, increased 0.1% to 0.5% for the three months ended March 31, 2011, compared to 0.4% for the three months ended March 31, 2010.

Depreciation and amortization, as a percentage of net operating revenues, remained consistent at 4.7% for each of the three-month periods ended March 31, 2011 and 2010.

Interest expense, net, increased by \$3.8 million from \$160.4 million for the three months ended March 31, 2010 to \$164.2 million for the three months ended March 31, 2011. An increase in interest rates during the three months ended March 31, 2011, compared to the three months ended March 31, 2010, resulted in an increase in interest expense of \$5.2 million. These increases were offset by a decrease in interest expense of \$0.8 million due to a decrease in our average outstanding debt during the three months ended March 31, 2011, compared to March 31, 2010. Additionally, interest expense decreased by \$0.6 million as a result of more interest being capitalized during the three months ended March 31, 2011, as compared to the three months ended March 31, 2010, as the current year period had more major construction projects.

The net of the above mentioned changes resulted in income from continuing operations before income taxes increasing \$7.4 million from \$127.5 million for the three months ended March 31, 2010 to \$134.9 million for the three months ended March 31, 2011.

Provision for income taxes increased from \$41.0 million for the three months ended March 31, 2010 to \$43.8 million for the three months ended March 31, 2011, due primarily to an increase in income from continuing operations before income taxes in the comparable period in 2010, as discussed above. Our effective tax rates were 32.4% and 32.2% for the three months ended March 31, 2011 and 2010, respectively.

Income from continuing operations, as a percentage of net operating revenues, decreased from 2.8% for the three months ended March 31, 2010 to 2.7% for the three months ended March 31, 2011. The decrease in income from continuing operations, as a percentage of net operating revenues, is primarily a result of the increase in salaries and benefits as a percentage of net operating revenues. Net income, as a percentage of net operating revenues, decreased from 2.7% for the three months ended March 31, 2010 to 2.3% for the three months ended March 31, 2011. The decrease in net income, as a percentage of net operating revenues, is primarily due to the loss on discontinued operations from the loss on sale, impairment of hospital held for sale and loss on entities sold and held for sale.

Net income attributable to noncontrolling interests as a percentage of net operating revenues, remained consistent at 0.5% for each of the three-month periods ended March 31, 2011 and 2010.

Net income attributable to Community Health Systems, Inc. was \$61.3 million for the three months ended March 31, 2011, compared to \$70.0 million for the three months ended March 31, 2010, representing a decrease of 12.4%. The decrease in net income is primarily due to the loss on discontinued operations from the loss on sale, impairment of hospital held for sale and loss on entities sold and held for sale.

# **Liquidity and Capital Resources**

Net cash provided by operating activities decreased \$111.8 million, from \$299.4 million for the three months ended March 31, 2010 to \$187.5 million for the three months ended March 31, 2011. The decrease in cash flows, in comparison to the prior year period, is primarily from a decrease in net income of \$6.7 million and a decrease in cash flow from the change in accounts payable, accrued liabilities and income taxes of \$182.4 million, due primarily to the timing of payments during the periods, which included accelerating the funding of our 401(k) Plan matching contribution in the first quarter of 2011, compared to funding it in the second quarter of 2010. These decreases were offset by an increase in depreciation and amortization expense, a non-cash expense of \$13.6 million, an increase in other non-cash expenses of \$4.3 million, an increase in cash flow from the change in accounts receivable of \$37.8 million, an increase in cash flow from the change in supplies, prepaid expenses and other current assets of \$21.2 million and an increase in cash flow from the change in other assets and liabilities of \$0.4 million.

The cash used in investing activities was \$209.4 million for the three months ended March 31, 2011, compared to \$163.4 million for the three months ended March 31, 2010. The increase in cash flows used in investing activities, in comparison to the prior year period, was primarily due to an increase in cash used for acquisition of facilities and other related equipment of \$45.2 million and an increase in cash used for purchasing property and equipment of \$27.3 million. Other changes in cash used in investing activities were an increase in proceeds from the disposition of ancillary operations of \$14.6 million, a decrease in cash used for other non-operating assets of \$4.7 million and an increase in proceeds received from the sale of property and equipment of \$7.2 million

The cash used in financing activities was \$6.6 million for the three months ended March 31, 2011, compared to \$0.5 million for the three months ended March 31, 2010. The increase in cash used in financing activities is due primarily to a decrease in proceeds from the exercise of stock options.

#### Capital Expenditures

Cash expenditures related to purchases of facilities were \$45.4 million for the three months ended March 31, 2011, compared to \$0.2 million for the three months ended March 31, 2010. The expenditures during the three months ended March 31, 2011 were for the purchase of surgery centers and physician practices and the settlement of working capital items from 2010 acquisitions. The expenditures during the three months ended March 31, 2010 were for the purchase of non-hospital facilities, and no hospitals were acquired during this period.

Excluding the cost to construct replacement hospitals, our cash expenditures for routine capital for the three months ended March 31, 2011 totaled \$119.4 million, compared to \$125.4 million for the three months ended March 31, 2010. These capital expenditures related primarily to the purchase of additional equipment, minor renovations and information systems infrastructure. Costs to construct replacement hospitals for the three months ended March 31, 2011 totaled \$34.5 million, compared to \$1.2 million for the three months ended March 31, 2010. The costs to construct replacement hospitals for the three months ended March 31, 2011 represented both planning and construction costs for the four replacement hospitals discussed below. The costs to construct replacement hospitals for the three months ended March 31, 2010 represented planning costs for future construction projects since there were no replacement hospitals under construction.

Pursuant to hospital purchase agreements in effect as of March 31, 2011, as part of an acquisition in 2007, we agreed to build a replacement hospital in Valparaiso, Indiana by April 2011, and as part of an acquisition in 2009, we agreed to build a replacement hospital in Siloam Springs, Arkansas by February 2013. Due to delays in receiving government approved building and zoning permits, the replacement facility in Valparaiso, Indiana is not expected to be completed until the fourth quarter of 2012. Also, as required by an amendment to a lease agreement entered into in 2005, we agreed to build a replacement facility at Barstow Community Hospital in Barstow, California. Estimated construction costs, including equipment costs, are approximately \$318.5 million for these three replacement facilities. In addition, in October 2008, after the purchase of the noncontrolling owner's interest in our Birmingham, Alabama facility, we initiated the purchase of a site, which includes a partially constructed hospital structure, for a potential replacement to our existing Birmingham facility. In September 2010, we received approval of our request for a certificate of need from the Alabama Certificate of Need Review Board; however, this certificate of need remains subject to an appeal process. Our estimated construction costs, including the acquisition of the site and equipment costs, are approximately \$280.0 million for the Birmingham replacement facility.

#### Capital Resources

Net working capital was approximately \$1.230 billion at March 31, 2011, compared to approximately \$1.229 billion at December 31, 2010.

In connection with the consummation of the Triad acquisition in July 2007, we obtained approximately \$7.2 billion of senior secured financing under a Credit Facility with a syndicate of financial institutions led by Credit Suisse, as administrative agent and collateral agent. The Credit Facility consisted of an approximately \$6.1 billion funded term loan facility with a maturity of seven years, a \$300 million delayed draw term loan facility (reduced by us from \$400 million) with a maturity of seven years and a \$750 million revolving credit facility with a maturity of six years. During the fourth quarter of 2008, \$100 million of the delayed draw term loan availability to \$200 million at December 31, 2008. In January 2009, we drew down the remaining \$200 million of the delayed draw term loan. The revolving credit facility also includes a subfacility for letters of credit and a swingline subfacility. The Credit Facility requires quarterly amortization payments of each term loan facility equal to 0.25% of the outstanding amount of the term loans. On November 5, 2010, we entered into an amendment and restatement of our existing Credit Facility. The amendment extends by two and a half years, until January 25, 2017, the maturity date of \$1.5 billion of the existing term loans under the Credit Facility and increases the pricing on these term loans to London Interbank Offered Rate, or LIBOR, plus 350 basis points. If more than \$50 million of our Notes remain outstanding on April 15, 2015, without having been refinanced, then the maturity date for the extended term loans will be accelerated to April 15, 2015. The maturity date of the balance of the term loans of approximately \$4.5 billion remains unchanged at July 25, 2014. The amendment also increases our ability to issue additional indebtedness under the uncommitted incremental facility to \$1.0 billion from \$600 million, permits us to issue Term A term loans under the incremental facility, and provides up to \$2.0 billion of borrowing capacity from receivable transactio

The term loan facility must be prepaid in an amount equal to (1) 100% of the net cash proceeds of certain asset sales and dispositions by us and our subsidiaries, subject to certain exceptions and reinvestment rights, (2) 100% of the net cash proceeds of issuances of certain debt obligations or receivables based financing by us and our subsidiaries, subject to certain exceptions, and (3) 50%, subject to reduction to a lower percentage based on our leverage ratio (as defined in the Credit Facility generally as the ratio of total debt on the date of determination to our EBITDA, as defined, for the four quarters most recently ended prior to such date), of excess cash flow (as defined) for any year, commencing in 2008, subject to certain exceptions. Voluntary prepayments and commitment reductions are permitted in whole or in part, without any premium or penalty, subject to minimum prepayment or reduction requirements.

The obligor under the Credit Facility is CHS/Community Health Systems, Inc., or CHS, a wholly-owned subsidiary of Community Health Systems, Inc. All of our obligations under the Credit Facility are unconditionally guaranteed by Community Health Systems, Inc. and certain existing and subsequently acquired or organized domestic subsidiaries. All obligations under the Credit Facility and the related guarantees are secured by a perfected first priority lien or security interest in substantially all of the assets of Community Health Systems, Inc., CHS and each subsidiary guarantor, including equity interests held by us or any subsidiary guarantor, but excluding, among others, the equity interests of non-significant subsidiaries, syndication subsidiaries, securitization subsidiaries and joint venture subsidiaries.

The loans under the Credit Facility bear interest on the outstanding unpaid principal amount at a rate equal to an applicable percentage plus, at our option, either (a) an Alternate Base Rate (as defined) determined by reference to the greater of (1) the Prime Rate (as defined) announced by Credit Suisse or (2) the Federal Funds Effective Rate (as defined) plus one-half of 1.0% or (3) the adjusted LIBOR rate on such day for a three-month interest period commencing on the second business day after such day plus 1%, or (b) a reserve adjusted LIBOR for dollars (Eurodollar rate) (as defined). The applicable percentage for Alternate Base Rate loans is 1.25% for term loans due 2014 and 2.25% for term loans due 2017. The applicable percentage for Eurodollar rate loans is 2.25% for term loans due 2014 and 3.5% for term loans due 2017. The applicable percentage for revolving loans was initially 1.25% for Alternate Base Rate revolving loans and 2.25% for Eurodollar revolving loans, in each case subject to reduction based on our leverage ratio. Loans under the swingline subfacility bear interest at the rate applicable to Alternate Base Rate loans under the revolving credit facility.

We have agreed to pay letter of credit fees equal to the applicable percentage then in effect with respect to Eurodollar rate loans under the revolving credit facility times the maximum aggregate amount available to be drawn under all letters of credit outstanding under the subfacility for letters of credit. The issuer of any letter of credit issued under the subfacility for letters of credit will also receive a customary fronting fee and other customary processing charges. We were initially obligated to pay commitment fees of 0.50% per annum (subject to reduction based upon our leverage ratio), on the unused portion of the revolving credit facility. For purposes of this calculation, swingline loans are not treated as usage of the revolving credit facility. With respect to the delayed draw term loan facility, we were also obligated to pay commitment fees of 0.50% per annum for the first nine months after the close of the Credit Facility and 0.75% per annum for the next three months after such nine-month period and thereafter 1.0% per annum. In each case, the commitment fee was based on the unused amount of the delayed draw term loan facility. After the draw down of the remaining \$200 million of the delayed draw term loan in January 2009, we no longer pay any commitment fees for the delayed draw term loan facility. We also paid arrangement fees on the closing of the Credit Facility and pay an annual administrative agent fee.

The Credit Facility contains customary representations and warranties, subject to limitations and exceptions, and customary covenants restricting our and our subsidiaries' ability, subject to certain exception, to, among other things, (1) declare dividends, make distributions or redeem or repurchase capital stock, (2) prepay, redeem or repurchase other debt, (3) incur liens or grant negative pledges, (4) make loans and investments and enter into acquisitions and joint ventures, (5) incur additional indebtedness or provide certain guarantees, (6) make capital expenditures, (7) engage in mergers, acquisitions and asset sales, (8) conduct transactions with affiliates, (9) alter the nature of our businesses, (10) grant certain guarantees with respect to physician practices, (11) engage in sale and leaseback transactions or (12) change our fiscal year. We and our subsidiaries are also required to comply with specified financial covenants (consisting of a leverage ratio and an interest coverage ratio) and various affirmative covenants.

Events of default under the Credit Facility include, but are not limited to, (1) our failure to pay principal, interest, fees or other amounts under the credit agreement when due (taking into account any applicable grace period), (2) any representation or warranty proving to have been materially incorrect when made, (3) covenant defaults subject, with respect to certain covenants, to a grace period, (4) bankruptcy events, (5) a cross default to certain other debt, (6) certain undischarged judgments (not paid within an applicable grace period), (7) a change of control, (8) certain ERISA-related defaults and (9) the invalidity or impairment of specified security interests, guarantees or subordination provisions in favor of the administrative agent or lenders under the Credit Facility.

As of March 31, 2011, the availability for additional borrowings under our Credit Facility was approximately \$750 million pursuant to the revolving credit facility, of which \$81.9 million was set aside for outstanding letters of credit. We believe that these funds, along with internally generated cash and continued access to the bank credit and capital markets, will be sufficient to finance future acquisitions, capital expenditures and working capital requirements through the next 12 months and into the foreseeable future.

As of March 31, 2011, we are currently a party to the following interest rate swap agreements to limit the effect of changes in interest rates on approximately 89% of our variable rate debt. On each of these swaps, we receive a variable rate of interest based on the three-month LIBOR in exchange for the payment by us of a fixed rate of interest. We currently pay, on a quarterly basis, a margin above LIBOR of 225 basis points for revolving credit and term loans due 2014 and 350 basis points for term loans due 2017 under the Credit Facility.

- (1) This interest rate swap becomes effective October 26, 2011, concurrent with the termination of swap #8.
- (2) This interest rate swap becomes effective August 8, 2011, concurrent with the termination of swap #1.
- (3) This interest rate swap becomes effective August 19, 2011, concurrent with the termination of swap #2 and #4.
- (4) This interest rate swap becomes effective August 19, 2011, concurrent with the termination of swap #3.
- (5) This interest rate swap becomes effective August 30, 2011, concurrent with the termination of swap #5.

The Credit Facility and/or the Notes contain various covenants that limit our ability to take certain actions including, among other things, our ability to:

- · incur, assume or guarantee additional indebtedness;
- issue redeemable stock and preferred stock;
- repurchase capital stock;
- make restricted payments, including paying dividends and making investments;
- redeem debt that is junior in right of payment to the notes;
- create liens without securing the notes;
- sell or otherwise dispose of assets, including capital stock of subsidiaries;
- · enter into agreements that restrict dividends from subsidiaries;
- merge, consolidate, sell or otherwise dispose of substantial portions of our assets;
- · enter into transactions with affiliates; and
- guarantee certain obligations.

In addition, our Credit Facility contains restrictive covenants and requires us to maintain specified financial ratios and satisfy other financial condition tests. Our ability to meet these restricted covenants and financial ratios and tests can be affected by events beyond our control, and we cannot assure you that we will meet those tests. A breach of any of these covenants could result in a default under our Credit Facility and/or the Notes. Upon the occurrence of an event of default under our Credit Facility or the Notes, all amounts outstanding under our Credit Facility and the Notes may become due and payable and all commitments under the Credit Facility to extend further credit may be terminated.

We believe that internally generated cash, availability for additional borrowings under our Credit Facility of \$750 million (consisting of a \$750 million revolving credit facility, of which \$81.9 million is set aside for outstanding letters of credit as of March 31, 2011) and our ability to amend the Credit Facility to provide for one or more tranches of term loans in an aggregate principal amount of \$1.0 billion, our ability to add up to \$300 million of borrowing capacity from receivable transactions (including securitizations) and our continued access to the bank credit and capital markets will be sufficient to finance acquisitions, capital expenditures and working capital requirements through the next 12 months. We believe these same sources of cash, borrowings under our Credit Facility as well as access to bank credit and capital markets will be available to us beyond the next 12 months and into the foreseeable future.

On December 22, 2008, we filed a universal automatic shelf registration statement on Form S-3ASR that will permit us, from time to time, in one or more public offerings, to offer debt securities, common stock, preferred stock, warrants, depositary shares, or any combination of such securities. The shelf registration statement will also permit our subsidiary, CHS, to offer debt securities that would be guaranteed by us, from time to time in one or more public offerings. The terms of any such future offerings would be established at the time of the offering.

The ratio of earnings to fixed charges for the three months ended March 31, 2011 is as follows:

March 31, 2011
1.64x

Ratio of earnings to fixed charges (1)

(1) There are no shares of preferred stock outstanding.

# **Off-balance Sheet Arrangements**

Our consolidated operating results for the three months ended March 31, 2011 and 2010, included \$63.1 million and \$61.1 million, respectively, of net operating revenues and \$5.6 million and \$6.0 million, respectively, of income from operations generated from five hospitals operated by us under operating lease arrangements. In accordance with accounting principles generally accepted in the United States of America, or U.S. GAAP, the respective assets and the future lease obligations under these arrangements are not recorded on our condensed consolidated balance sheet. Lease costs under these arrangements are included in rent expense and totaled approximately \$3.1 million for each of the three-month periods ended March 31, 2011 and 2010. The current terms of these operating leases expire between June 2012 and December 2020, not including lease extension options. If we allow these leases to expire, we would no longer generate revenue nor incur expenses from these hospitals.

In the past, we have utilized operating leases as a financing tool for obtaining the operations of specified hospitals without acquiring, through ownership, the related assets of the hospital and without a significant outlay of cash at the front end of the lease. We utilize the same operating strategies to improve operations at those hospitals held under operating leases as we do at those hospitals that we own. We have not entered into any operating leases for hospital operations since December 2000.

During the year ended December 31, 2010, we entered into an agreement with the lessor of Cleveland Regional Medical Center, or Cleveland Regional, our leased facility in Cleveland, TX, to exchange our ownership interest in certain real estate at Hill Regional Medical Center, or Hill Regional, in Hillsboro, TX for the lessor's ownership interest in the real estate at Cleveland Regional. The related lease agreement was amended to incorporate Hill Regional as a leased asset with no change to the remaining lease term or payment schedule. No monetary consideration was exchanged in this transaction, and the transaction qualifies as a non-taxable, like-kind exchange under the regulations in Section 1031 of the Internal Revenue Code. The assets of Cleveland Regional are included in the condensed consolidated balance sheet at fair value on the date of this transaction; however, as a result of our continuing involvement in the Hill Regional assets, the exchange with the lessor does not qualify for sale treatment under U.S. GAAP. Accordingly, the transaction has been accounted for as a financing obligation and the assets of Hill Regional will remain on the condensed consolidated balance sheet as assets recorded under a financing obligation. Starting in the fourth quarter of 2010, future payments under the lease are amortized against the financing obligation rather than recorded as rent expense.

# **Noncontrolling Interests**

We have sold noncontrolling interests in certain of our subsidiaries or acquired subsidiaries with existing noncontrolling interest ownership positions. As of March 31, 2011, we have hospitals in 25 of the markets we serve, with noncontrolling physician ownership interests ranging from less than 1% to 40%, including one hospital that also had a non-profit entity as a partner. In addition, we have three other hospitals with noncontrolling interests owned by non-profit entities. Redeemable noncontrolling interests in equity of consolidated subsidiaries was \$385.4 million and \$387.5 million as of March 31, 2011 and December 31, 2010, respectively. Noncontrolling interests in equity of consolidated subsidiaries was \$60.9 million at both March 31, 2011 and December 31, 2010. The amount of net income attributable to noncontrolling interests was \$17.0 million and \$15.0 million for the three months ended March 31, 2011 and 2010, respectively. As a result of the change in the Stark Law "whole hospital" exception included in the Reform Legislation, we will not introduce physician ownership at any of our wholly-owned facilities or increase the aggregate percentage of physician ownership in any of our existing joint ventures.

#### Reimbursement, Legislative and Regulatory Changes

The Reform Legislation was enacted in the context of other ongoing legislative and regulatory efforts, which would reduce or otherwise adversely affect the payments we receive from Medicare and Medicaid. Within the statutory framework of the Medicare and Medicaid programs, including programs currently unaffected by the Reform Legislation, there are substantial areas subject to administrative rulings, interpretations, and discretion which may further affect payments made under those programs, and the federal and state governments might, in the future, reduce the funds available under those programs or require more stringent utilization and quality reviews of hospital facilities. Additionally, there may be a continued rise in managed care programs and additional restructuring of the financing and delivery of healthcare in the United States. These events could cause our future financial results to decline. We cannot estimate the impact of Medicare and Medicaid reimbursement changes that have been enacted or are under consideration. We cannot predict whether additional reimbursement reductions will be made or whether any such changes would have a material adverse effect on our business, financial conditions, results of operations, cash flow, capital resources and liquidity.

#### Inflation

The healthcare industry is labor intensive. Wages and other expenses increase during periods of inflation and when labor shortages occur in the marketplace. In addition, our suppliers pass along rising costs to us in the form of higher prices. We have implemented cost control measures, including our case and resource management program, to curb increases in operating costs and expenses. We have generally offset increases in operating costs by increasing reimbursement for services, expanding services and reducing costs in other areas. However, we cannot predict our ability to cover or offset future cost increases, particularly any increases in our cost of providing health insurance benefits to our employees as a result of the Reform Legislation.

# **Critical Accounting Policies**

The discussion and analysis of our financial condition and results of operations are based upon our consolidated financial statements, which have been prepared in accordance with U.S. GAAP. The preparation of these financial statements requires us to make estimates and judgments that affect the reported amount of assets and liabilities, revenues and expenses, and related disclosure of contingent assets and liabilities at the date of our consolidated financial statements. Actual results may differ from these estimates under different assumptions or conditions.

Critical accounting policies are defined as those that are reflective of significant judgments and uncertainties, and potentially result in materially different results under different assumptions and conditions. We believe that our critical accounting policies are limited to those described below.

# Third Party Reimbursement

Net operating revenues include amounts estimated by management to be reimbursable by Medicare and Medicaid under prospective payment systems and provisions of cost-reimbursement and other payment methods. In addition, we are reimbursed by non-governmental payors using a variety of payment methodologies. Amounts we receive for treatment of patients covered by these programs are generally less than the standard billing rates. Contractual allowances are automatically calculated and recorded through our internally developed "automated contractual allowance system." Within the automated system, actual Medicare DRG data and payors' historical paid claims data are utilized to calculate the contractual allowances. This data is automatically updated on a monthly basis. All hospital contractual allowance calculations are subjected to monthly review by management to ensure reasonableness and accuracy. We account for the differences between the estimated program reimbursement rates and the standard billing rates as contractual allowance adjustments, which we deduct from gross revenues to arrive at net operating revenues. The process of estimating contractual allowances requires us to estimate the amount expected to be received based on payor contract provisions. The key assumption in this process is the estimated contractual reimbursement percentage, which is based on payor classification and historical paid claims data. Due to the complexities involved in these estimates, actual payments we receive could be different from the amounts we estimate and record. If the actual contractual reimbursement percentage under government programs and managed care contracts differed by 1% at March 31, 2011 from our estimated reimbursement percentage, net income for the three months ended March 31, 2011 would have changed by approximately \$33.1 million, and net accounts receivable at March 31, 2011 would have changed by \$52.4 million. Final settlements under some of these programs are subject to adjustment based on administrative review and audit by third parties. We account for adjustments to previous program reimbursement estimates as contractual allowance adjustments and report them in the periods that such adjustments become known. Contractual allowance adjustments related to final settlements and previous program reimbursement estimates impacted net operating revenues and net income by an insignificant amount in each of the three-month periods ended March 31, 2011 and 2010.

#### Allowance for Doubtful Accounts

Substantially all of our accounts receivable are related to providing healthcare services to our hospitals' patients. Collection of these accounts receivable is our primary source of cash and is critical to our operating performance. Our primary collection risks relate to uninsured patients and outstanding patient balances for which the primary insurance payor has paid some but not all of the outstanding balance, with the remaining outstanding balance (generally deductibles and co-payments) owed by the patient. At the point of service, for patients required to make a co-payment, we generally collect less than 15% of the related revenue. For all procedures scheduled in advance, our policy is to verify insurance coverage prior to the date of the procedure. Insurance coverage is not verified in advance of procedures for walk-in and emergency room patients.

We estimate the allowance for doubtful accounts by reserving a percentage of all self-pay accounts receivable without regard to aging category, based on collection history, adjusted for expected recoveries and, if present, anticipated changes in trends. For all other non-self-pay payor categories, we reserve 100% of all accounts aging over 365 days from the date of discharge. The percentage used to reserve for all self-pay accounts is based on our collection history. We believe that we collect substantially all of our third-party insured receivables, which include receivables from governmental agencies.

Collections are impacted by the economic ability of patients to pay and the effectiveness of our collection efforts. Significant changes in payor mix, business office operations, economic conditions or trends in federal and state governmental healthcare coverage could affect our collection of accounts receivable. The process of estimating the allowance for doubtful accounts requires us to estimate the collectability of self-pay accounts receivable, which is primarily based on our collection history, adjusted for expected recoveries and, if available, anticipated changes in collection trends. Significant change in payor mix, business office operations, economic conditions, trends in federal and state governmental healthcare coverage or other third-party payors could affect our estimates of accounts receivable collectability. If the actual collection percentage differed by 1% at March 31, 2011 from our estimated collection percentage as a result of a change in expected recoveries, net income for the three months ended March 31, 2011 would have changed by \$17.5 million, and net accounts receivable at March 31, 2011 would have changed by \$27.7 million. We also continually review our overall reserve adequacy by monitoring historical cash collections as a percentage of trailing net revenue less provision for bad debts, as well as by analyzing current period net revenue and admissions by payor classification, aged accounts receivable by payor, days revenue outstanding and the impact of recent acquisitions and dispositions.

Our policy is to write-off gross accounts receivable if the balance is under \$10.00 or when such amounts are placed with outside collection agencies. We believe this policy accurately reflects our ongoing collection efforts and is consistent with industry practices. We had approximately \$2.2 billion and \$2.1 billion at March 31, 2011 and December 31, 2010, respectively, being pursued by various outside collection agencies. We expect to collect less than 3%, net of estimated collection fees, of the amounts being pursued by outside collection agencies. As these amounts have been written-off, they are not included in our gross accounts receivable or our allowance for doubtful accounts. Collections on amounts previously written-off are recognized as a reduction to bad debt expense when received. However, we take into consideration estimated collections of these future amounts written-off in evaluating the reasonableness of our allowance for doubtful accounts.

All of the following information is derived from our hospitals, excluding clinics, unless otherwise noted.

Patient accounts receivable from our hospitals represent approximately 95% of our total consolidated accounts receivable.

Days revenue outstanding was 47 days and 46 days at March 31, 2011 and December 31, 2010, respectively. Our target range for days revenue outstanding is 46 to 56 days.

Total gross accounts receivable (prior to allowance for contractual adjustments and doubtful accounts) was approximately \$7.7 billion and \$7.2 billion as of March 31, 2011 and December 31, 2010, respectively.

The approximate percentage of total gross accounts receivable (prior to allowances for contractual adjustments and doubtful accounts) summarized by payor category is as follows:

	March 31,	December 31,
	2011	2010
Insured receivables	64.9%	63.9%
Self-pay receivables	35.1%	36.1%
Total	100.0%	100.0%

For the hospital segment, the combined total of the allowance for doubtful accounts and related allowances for other self-pay discounts and contractuals, as a percentage of gross self-pay receivables, was approximately 84% at both March 31, 2011 and December 31, 2010. If the receivables that have been written-off, but where collections are still being pursued by outside collection agencies, were included in both the allowances and gross self-pay receivables specified above, the percentage of combined allowances to total self-pay receivables would have been approximately 91% at both March 31, 2011 and December 31, 2010.

# Goodwill and Other Intangibles

Goodwill represents the excess of cost over the fair value of net assets acquired. Goodwill is evaluated for impairment at the same time every year and when an event occurs or circumstances change that, more likely than not, reduce the fair value of the reporting unit below its carrying value. There is a two-step method for determining goodwill impairment. Step one is to compare the fair value of the reporting unit with the unit's carrying amount, including goodwill. If this test indicates the fair value is less than the carrying value, then step two is required to compare the implied fair value of the reporting unit's goodwill with the carrying value of the reporting unit's goodwill. We have selected September 30 as our annual testing date. Based on the results of our most recent annual impairment test, we have concluded that we do not have any reporting units that are at risk of failing step one of the goodwill impairment test.

# Impairment or Disposal of Long-Lived Assets

Whenever events or changes in circumstances indicate that the carrying values of certain long-lived assets may be impaired, we project the undiscounted cash flows expected to be generated by these assets. If the projections indicate that the reported amounts are not expected to be recovered, such amounts are reduced to their estimated fair value based on a quoted market price, if available, or an estimate based on valuation techniques available in the circumstances.

# Professional Liability Insurance Claims

As part of our business of owning and operating hospitals, we are subject to legal actions alleging liability on our part. We accrue for losses resulting from such liability claims, as well as loss adjustment expenses that are out-of-pocket and directly related to such liability claims. These direct out-of-pocket expenses include fees of outside counsel and experts. We do not accrue for costs that are part of our corporate overhead, such as the costs of our in-house legal and risk management departments. The losses resulting from professional liability claims primarily consist of estimates for known claims, as well as estimates for incurred but not reported claims. The estimates are based on specific claim facts, our historical claim reporting and payment patterns, the nature and level of our hospital operations, and actuarially determined projections. The actuarially determined projections are based on our actual claim data, including historic reporting and payment patterns which have been gathered over approximately a 20-year period. As discussed below, although we purchase excess insurance on a claims-made basis that transfers risk to third-party insurers, the liability we accrue does include an amount for the losses covered by our excess insurance. We also record a receivable for the expected reimbursement of losses covered by our excess insurance. Since we believe that the amount and timing of our future claims payments are reliably determinable, we discount the amount we accrue for losses resulting from professional liability claims using the risk-free interest rate corresponding to the timing of our expected payments.

The net present value of the projected payments was discounted using a weighted-average risk-free rate of 1.3% and 1.4% in 2010 and 2009, respectively. This liability is adjusted for new claims information in the period such information becomes known to us. Professional malpractice expense includes the losses resulting from professional liability claims and loss adjustment expense, as well as paid excess insurance premiums, and is presented within other operating expenses in the accompanying condensed consolidated statements of income.

Our processes for obtaining and analyzing claims and incident data are standardized across all of our hospitals and have been consistent for many years. We monitor the outcomes of the medical care services that we provide and for each reported claim, we obtain various information concerning the facts and circumstances related to that claim. In addition, we routinely monitor current key statistics and volume indicators in our assessment of utilizing historical trends. The average lag period between claim occurrence and payment of a final settlement is between four and five years, although the facts and circumstances of individual claims could result in the timing of such payments being different from this average. Since claims are paid promptly after settlement with the claimant is reached, settled claims represent less than 1.0% of the total liability at the end of any period.

For purposes of estimating our individual claim accruals, we utilize specific claim information, including the nature of the claim, the expected claim amount, the year in which the claim occurred and the laws of the jurisdiction in which the claim occurred. Once the case accruals for known claims are determined, information is stratified by loss layers and retentions, accident years, reported years, geography, and claims relating to the acquired Triad hospitals versus claims relating to our other hospitals. Several actuarial methods are used against this data to produce estimates of ultimate paid losses and reserves for incurred but not reported claims. Each of these methods uses our company-specific historical claims data and other information. This company-specific data includes information regarding our business, including historical paid losses and loss adjustment expenses, historical and current case loss reserves, actual and projected hospital statistical data, a variety of hospital census information, employed physician information, professional liability retentions for each policy year, geographic information and other data.

Based on these analyses we determine our estimate of the professional liability claims. The determination of management's estimate, including the preparation of the reserve analysis that supports such estimate, involves subjective judgment of management. Changes in reserving data or the trends and factors that influence reserving data may signal fundamental shifts in our future claim development patterns or may simply reflect single-period anomalies. Even if a change reflects a fundamental shift, the full extent of the change may not become evident until years later. Moreover, since our methods and models use different types of data and we select our liability from the results of all of these methods, we typically cannot quantify the precise impact of such factors on our estimates of the liability. Due to our standardized and consistent processes for handling claims and the long history and depth of our company-specific data, our methodologies have produced reliably determinable estimates of ultimate paid losses.

We are primarily self-insured for these claims; however, we obtain excess insurance that transfers the risk of loss to a third-party insurer for claims in excess of our self-insured retentions. Our excess insurance is underwritten on a claims-made basis. For claims reported prior to June 1, 2002, substantially all of our professional and general liability risks were subject to a \$0.5 million per occurrence self-insured retention and for claims reported from June 1, 2002 through June 1, 2003, these self-insured retentions were \$2.0 million per occurrence. Substantially all claims reported after June 1, 2003 and before June 1, 2005 are self-insured up to \$4 million per claim. Substantially all claims reported on or after June 1, 2005 are self-insured up to \$5 million per claim. Management, on occasion, has selectively increased the insured risk at certain hospitals based upon insurance pricing and other factors and may continue that practice in the future. Excess insurance for all hospitals has been purchased through commercial insurance companies and generally covers us for liabilities in excess of the self-insured retentions. The excess coverage consists of multiple layers of insurance, the sum of which totals up to \$95 million per occurrence and in the aggregate for claims reported on or after June 1, 2003 and up to \$145 million per occurrence and in the aggregate for claims incurred and reported after January 1, 2008. For certain policy years, if the first aggregate layer of excess coverage becomes fully utilized, then the self-insured retention could increase to \$10 million per claim for any subsequent claims in that policy year until our total aggregate coverage is met.

Effective January 1, 2008, the former Triad hospitals are insured on a claims-made basis as described above and through commercial insurance companies as described above for substantially all claims occurring on or after January 1, 2002 and reported on or after January 1, 2008. Substantially all losses for the former Triad hospitals in periods prior to May 1, 1999 were insured through a wholly-owned insurance subsidiary of HCA Inc., or HCA, Triad's owner prior to that time, and excess loss policies maintained by HCA. HCA has agreed to indemnify the former Triad hospitals in respect of claims covered by such insurance policies arising prior to May 1, 1999. From May 1, 1999 through December 31, 2006, the former Triad hospitals obtained insurance coverage on a claims incurred basis from HCA's wholly-owned insurance subsidiary with excess coverage obtained from other carriers that is subject to certain deductibles. Effective for claims incurred after December 31, 2006, Triad began insuring its claims from \$1 million to \$5 million through its wholly-owned captive insurance company, replacing the coverage provided by HCA. Substantially all claims occurring during 2007 were self-insured up to \$10 million per claim.

There have been no significant changes in our estimate of the reserve for professional liability claims during the three months ended March 31, 2011.

#### Income Taxes

We must make estimates in recording provision for income taxes, including determination of deferred tax assets and deferred tax liabilities and any valuation allowances that might be required against the deferred tax assets. We believe that future income will enable us to realize certain deferred tax assets, subject to the valuation allowance we have established.

The total amount of unrecognized benefit that would impact the effective tax rate, if recognized, was approximately \$7.2 million as of March 31, 2011. It is our policy to recognize interest and penalties related to unrecognized benefits in our condensed consolidated statements of income as income tax expense. A total of approximately \$1.4 million of interest and penalties is included in the amount of liability for uncertain tax positions at March 31, 2011. During the three months ended March 31, 2011, we decreased liabilities by \$0.2 million and increased interest and penalties by approximately \$0.1 million.

We believe it is reasonably possible that approximately \$2.3 million of our current unrecognized tax benefit may be recognized within the next 12 months as a result of a lapse of the statute of limitations and settlements with taxing authorities.

We, or one or more of our subsidiaries, file income tax returns in the U.S. federal jurisdiction and various state jurisdictions. We have extended the federal statute of limitations for Triad for the tax periods ended December 31, 1999, December 31, 2000, April 30, 2001, June 30, 2001, December 31, 2001, December 31, 2002 and December 31, 2003. We are currently under examination by the Internal Revenue Service, or IRS, regarding the federal tax return of Triad for the tax periods ended December 31, 2004, December 31, 2005, December 31, 2006 and July 25, 2007. We believe the results of this examination will not be material to our consolidated results of operations or consolidated financial position. With few exceptions, we are no longer subject to state income tax examinations for years prior to 2007 and federal income tax examinations with respect to Community Health Systems, Inc. federal returns for years prior to 2007. Our federal income tax returns for the 2007 and 2008 tax years are currently under examination by the IRS. We believe the results of this examination will not be material to our consolidated results of operations or consolidated financial position.

#### Recent Accounting Pronouncements

In August 2010, the Financial Accounting Standards Board, or FASB, issued Accounting Standards Update, or ASU, 2010-24, which provides clarification to companies in the healthcare industry on the accounting for professional liability insurance. This ASU states that receivables related to insurance recoveries should not be netted against the related claim liability and such claim liabilities should be determined without considering insurance recoveries. This ASU is effective for fiscal years beginning after December 15, 2010 and was adopted by us on January 1, 2011. The adoption of this ASU had an immaterial impact to the condensed consolidated balance sheet at March 31, 2011 and no impact to the condensed consolidated statement of income for the three months ended March 31, 2011.

In August 2010, the FASB issued ASU 2010-23, which requires a company in the healthcare industry to use its direct and indirect costs of providing charity care as the measurement basis for charity care disclosures. This ASU also requires additional disclosures of the method used to determine such costs. We adopted this ASU on January 1, 2011. In the ordinary course of business, we render services to patients who are financially unable to pay for hospital care. Included in the provision for contractual allowances is the value (at our standard charges) of these services to patients who are unable to pay that is eliminated from net operating revenues when it is determined they qualify under our charity care policy. The estimated cost incurred by us to provide these services to patients who are unable to pay was approximately \$30.7 million and \$26.2 million for the three months ended March 31, 2011 and 2010, respectively. The estimated cost of these charity care services was determined using a ratio of cost to gross charges and applying that ratio to the gross charges associated with providing care to charity patients for the period. Gross charges associated with providing care to charity patients includes only the related charges for those patients who are financially unable to pay and qualify under our charity care policy and that do not otherwise qualify for reimbursement from a governmental program.

# FORWARD-LOOKING STATEMENTS

Some of the matters discussed in this report include forward-looking statements. Statements that are predictive in nature, that depend upon or refer to future events or conditions or that include words such as "expects," "anticipates," "intends," "plans," "believes," "estimates," "thinks," and similar expressions are forward-looking statements. These statements involve known and unknown risks, uncertainties, and other factors that may cause our actual results and performance to be materially different from any future results or performance expressed or implied by these forward-looking statements. These factors include the following:

- general economic and business conditions, both nationally and in the regions in which we operate;
- implementation and effect of recently-adopted and potential federal and state healthcare legislation;
- risks associated with our substantial indebtedness, leverage and debt service obligations;
- demographic changes;
- changes in, or the failure to comply with, governmental regulations;
- potential adverse impact of known and unknown government investigations, audits, and Federal and State False Claims Act litigation;
- our ability, where appropriate, to enter into and maintain managed care provider arrangements and the terms of these arrangements;
- changes in, or the failure to comply with, managed care provider contracts could result in disputes and changes in reimbursement that could be
  applied retroactively;
- changes in inpatient or outpatient Medicare and Medicaid payment levels;
- increases in the amount and risk of collectability of patient accounts receivable:
- increases in wages as a result of inflation or competition for highly technical positions and rising supply costs due to market pressure from pharmaceutical companies and new product releases;
- liabilities and other claims asserted against us, including self-insured malpractice claims;
- competition:
- our ability to attract and retain, without significant employment costs, qualified personnel, key management, physicians, nurses and other healthcare workers;
- trends toward treatment of patients in less acute or specialty healthcare settings, including ambulatory surgery centers or specialty hospitals;
- changes in medical or other technology;
- changes in U.S. GAAP;
- the availability and terms of capital to fund additional acquisitions or replacement facilities;
- our ability to successfully acquire additional hospitals and complete the sale of hospitals held for sale;
- our ability to successfully integrate any acquired hospitals or to recognize expected synergies from such acquisitions;
- our ability to obtain adequate levels of general and professional liability insurance; and
- timeliness of reimbursement payments received under government programs.

Although we believe that these statements are based upon reasonable assumptions, we can give no assurance that our goals will be achieved. Given these uncertainties, prospective investors are cautioned not to place undue reliance on these forward-looking statements. These forward-looking statements are made as of the date of this filing. We assume no obligation to update or revise them or provide reasons why actual results may differ.

# Item 3. Quantitative and Qualitative Disclosures about Market Risk

We are exposed to interest rate changes, primarily as a result of our Credit Facility which bears interest based on floating rates. In order to manage the volatility relating to the market risk, we entered into interest rate swap agreements described under the heading "Liquidity and Capital Resources" in Item 2. We do not anticipate any material changes in our primary market risk exposures in 2011. We utilize risk management procedures and controls in executing derivative financial instrument transactions. We do not execute

transactions or hold derivative financial instruments for trading purposes. Derivative financial instruments related to interest rate sensitivity of debt obligations are used with the goal of mitigating a portion of the exposure when it is cost effective to do so.

A 1% change in interest rates on variable rate debt in excess of that amount covered by interest rate swaps would have resulted in interest expense fluctuating approximately \$1.6 million and \$1.7 million for the three months ended March 31, 2011 and 2010, respectively.

# Item 4. Controls and Procedures

Our Chief Executive Officer and Chief Financial Officer, with the participation of other members of management, have evaluated the effectiveness of our disclosure controls and procedures (as defined in Rules 13a-15(e) and 15d-15(e) under the Securities and Exchange Act of 1934, as amended), as of the end of the period covered by this report. Based on such evaluations, our Chief Executive Officer and Chief Financial Officer concluded that, as of such date, our disclosure controls and procedures were effective (at the reasonable assurance level) to ensure that the information required to be included in this report has been recorded, processed, summarized and reported within the time periods specified in the Commission's rules and forms and to ensure that the information required to be included in this report was accumulated and communicated to management, including our Chief Executive Officer and Chief Financial Officer, to allow timely decisions regarding required disclosure.

There have been no changes in our internal control over financial reporting during the quarter ended March 31, 2011, that have materially affected or are reasonably likely to materially affect our internal control over financial reporting.

# PART II OTHER INFORMATION

# Item 1. Legal Proceedings

From time to time, we receive various inquiries or subpoenas from state regulators, fiscal intermediaries, the Centers for Medicare and Medicaid Services and the Department of Justice regarding various Medicare and Medicaid issues. In addition to the subpoenas discussed below, we are currently responding to subpoenas for matters such as: blood administration practices of a single physician at an Illinois hospital, DME vendor relationships and patient choice discharge instructions at our Washington hospitals, and operations of a cardiovascular surgery department at our Oregon hospital. In addition, we are subject to other claims and lawsuits arising in the ordinary course of our business. We are not aware of any pending or threatened litigation that is not covered by insurance policies or reserved for in our financial statements or which we believe would have a material adverse impact on us; however, some pending or threatened proceedings against us may involve potentially substantial amounts as well as the possibility of civil, criminal, or administrative fines, penalties, or other sanctions, which could be material. Settlements of suits involving Medicare and Medicaid issues routinely require both monetary payments as well as corporate integrity agreements. Additionally, qui tam or "whistleblower" actions initiated under the civil False Claims Act may be pending but placed under seal by the court to comply with the False Claims Act's requirements for filing such suits.

# Community Health Systems, Inc. Legal Proceedings

On February 10, 2006, we received a letter from the Civil Division of the Department of Justice requesting documents in an investigation it was conducting involving the Company. The inquiry related to the way in which different state Medicaid programs apply to the federal government for matching or supplemental funds that are ultimately used to pay for a small portion of the services provided to Medicaid and indigent patients. These programs are referred to by different names, including "intergovernmental payments," "upper payment limit programs," and "Medicaid disproportionate share hospital payments." The February 2006 letter focused on our hospitals in three states: Arkansas, New Mexico, and South Carolina. On August 31, 2006, we received a follow up letter from the Department of Justice requesting additional documents relating to the programs in New Mexico and the payments to the Company's three hospitals in that state. Through the beginning of 2009, we provided the Department of Justice with requested documents, met with its personnel on numerous occasions, and otherwise cooperated in its investigation. During the course of the investigation, the Civil Division notified us that it believed that we and these three New Mexico hospitals caused the State of New Mexico to submit improper claims for federal funds, in violation of the Federal False Claims Act. At one point, the Civil Division calculated that the three hospitals received ineligible federal participation payments from August 2000 to June 2006 of approximately \$27.5 million and said that if it proceeded to trial, it would seek treble damages plus an appropriate penalty for each of the violations of the Federal False Claims Act. This investigation has culminated in the federal government's intervention in a qui tam lawsuit styled U.S. ex rel. Baker vs. Community Health Systems, Inc., pending in the United States District Court for the District of New Mexico. The federal government filed its complaint in intervention on June 30, 2009. The relator file

2009. Both of these complaints expand the time period during which alleged improper payments were made. We filed motions to dismiss all of the federal government's and the relator's claims on August 28, 2009. On March 19, 2010, the court granted in part and denied in part our motion to dismiss as to the relator's complaint. On July 7, 2010, the court denied our motion to dismiss the federal government's complaint in intervention. We have filed our answer and pretrial discovery has begun. We are vigorously defending this action.

On June 12, 2008, two of our hospitals received letters from the U.S. Attorney's Office for the Western District of New York requesting documents in an investigation it was conducting into billing practices with respect to kyphoplasty procedures performed during the period January 1, 2002 through June 9, 2008. On September 16, 2008, one of our hospitals in South Carolina also received an inquiry. Kyphoplasty is a surgical spine procedure that returns a compromised vertebrae (either from trauma or osteoporotic disease process) to its previous height, reducing or eliminating severe pain. We have been informed that similar investigations have been initiated at unaffiliated facilities in Alabama, South Carolina, Indiana and other states. We believe that this investigation is related to a qui tam settlement between the same U.S. Attorney's office and the manufacturer and distributor of the Kyphon product, which is used in performing the kyphoplasty procedure. We are cooperating with the investigation by collecting and producing material responsive to the requests. We are continuing to evaluate and discuss this matter with the federal government.

On April 19, 2009, we were served in Roswell, New Mexico with an answer and counterclaim in the case of Roswell Hospital Corporation d/b/a Eastern New Mexico Medical Center vs. Patrick Sisneros and Tammie McClain (sued as Jane Doe Sisneros). The case was originally filed as a collection matter. The counterclaim was filed as a putative class action and alleged theories of breach of contract, unjust enrichment, misrepresentation, prima facie tort, Fair Trade Practices Act and violation of the New Mexico RICO statute. On May 7, 2009, the hospital filed a notice of removal to federal court. On July 27, 2009, the case was remanded to state court for lack of a federal question. A motion to dismiss and a motion to dismiss misjoined counterclaim plaintiffs were filed on October 20, 2009. These motions were denied. Extensive discovery has been conducted. A motion for class certification for all uninsured patients was heard on March 3 through March 5, 2010 and on April 13, 2010, the state district court judge certified the case as a class action. Discovery is ongoing. A hearing was conducted on March 1, 2011 to assess the sufficiency of the methodology used to determine class damages and the court has the matter under advisement. We are vigorously defending this action.

On December 7, 2009, we received a document subpoena from the U.S. Department of Health and Human Services, Office of the Inspector General, or OIG, requesting documents related to our hospital in Laredo, Texas. The categories of documents requested included case management, resource management, admission criteria, patient medical records, coding, billing, compliance, the Joint Commission accreditation, physician documentation, payments to referral sources, transactions involving physicians, disproportionate share hospital status, and audits by the hospital's Quality Improvement organization. On January 22, 2010, we received a "request for information or assistance" from the OIG's Office of Investigation requesting patient medical records from Laredo Medical Center in Laredo, Texas for certain Medicaid patients with an extended length of stay. Additional requests for records have also been received, including a request containing follow-up questions received on January 5, 2011. We are cooperating fully with these investigations.

On September 20, 2010, we received a letter from the U.S. Department of Justice, Civil Division, advising us that an investigation is being conducted to determine whether certain hospitals have improperly submitted claims for payment for implantable cardioverter defibrillators, or ICD. The period of time covered by the investigation is 2003 to the present. The letter states that the Department of Justice's data indicates that many of our hospitals have claims that need to be reviewed to determine if Medicare payment was appropriate. We understand that the Department of Justice has submitted similar requests to many other hospitals and hospital systems across the country as well as to the ICD manufacturers themselves. We are fully cooperating with the government in this investigation. Because we are in the early stages of this investigation, we are unable to evaluate the outcome of this investigation.

On November 15, 2010, we were served with substantially identical Civil Investigative Demands (CIDs) from the Office of Attorney General, State of Texas for all our 18 affiliated Texas hospitals. The subject of the requests appears to concern emergency department procedures and billing. We are cooperating fully with these requests. Because we are in the early stages of this investigation, we are unable to evaluate the outcome of this investigation.

On April 8, 2011, we received a document subpoena, dated March 31, 2011, from the U.S. Department of Health and Human Services, OIG, in connection with an investigation of possible improper claims submitted to Medicare and Medicaid. The subpoena, issued from the OIG's Chicago, Illinois office, requested documents from all of our hospitals and appears to concern emergency department processes and procedures, including our hospitals' use of the Pro-MED Clinical Information System, which is a third-party software system that assists with the management of patient care and provides operational support and data collection for emergency department management and has the ability to track discharge, transfer and admission recommendations of emergency department physicians. The subpoena also requests other information about our relationships with emergency department physicians, including

financial arrangements. The subpoena's requests are very similar to those contained in the Civil Investigative Demands received by our Texas hospitals from the Office of the Attorney General of the State of Texas on November 15, 2010 (described above).

On April 11, 2011, Tenet Healthcare Corporation, or Tenet, filed suit against the Company, Wayne T. Smith and W. Larry Cash in the U.S. District Court for the Northern District of Texas. The suit alleges we committed violations of certain federal securities laws by making certain statements in various proxy materials filed with the Securities and Exchange Commission in connection with our offer to purchase Tenet. Tenet alleges that we engaged in a practice to under-utilize observation status and over-utilize inpatient admission status and asserts that by doing so, we created undisclosed financial and legal liability to federal, state and private payors. The suit seeks declaratory and injunctive relief and Tenet's costs. On April 19, 2011, we filed a motion to dismiss the complaint. Until the court rules on the motion to dismiss, the Company and other defendants are not required to file a formal answer to the complaint, however, on April 28, 2011, we responded to the allegations during our earnings release conference call (see our Form 8-K furnished on April 28, 2011). We will continue to vigorously defend this suit.

On April 22, 2011, a joint motion was filed by the relator and the U.S. Department of Justice in the case styled United States ex rel. and Reuille vs. Community Health Systems Professional Services Corporation and Lutheran Musculoskeletal Center, LLC d/b/a Lutheran Hospital, in the United States District Court for the Northern District of Indiana, Fort Wayne Division. The lawsuit was originally filed under seal on January 7, 2009. The suit is brought under the False Claims Act and alleges that Lutheran Hospital of Indiana billed the Medicare program for (a) false 23 hour observation after outpatient surgeries and procedures, and (b) intentional assignment of inpatient status to one-day stays for cases that do not meet Medicare criteria for inpatient intensity of service or severity of illness. The relator had worked in the case management department of Lutheran Hospital of Indiana but was reassigned to another department in the fall of 2006. This facility was acquired by us as part of the July 25, 2007 merger transaction with Triad Hospitals, Inc. The complaint also includes allegations of age discrimination in Ms. Reuille's 2006 reassignment and retaliation in connection with her resignation on October 1, 2008. We had cooperated fully with the government in its investigation of this matter, but had been unaware of the exact nature of the allegations in the complaint. On December 27, 2010, the government filed a notice that it declined to intervene in this suit. The current motion contains additional information about how the government intends to proceed with an investigation regarding "allegations of improper billing for inpatient" care at other hospitals associated with Community Health Systems, Inc. . . . asserted in other qui tam complaints in other jurisdictions." The motion states that the Department of Justice has now "consolidated" its investigations" of the Company and other related entities and that "the Civil Division of the Department of Justice, multiple United States Attorneys' offices, and the Office of Inspector General for the Department of Health and Human Services, or HHS, are now closely coordinating their investigation of these overlapping allegations. The Attorney General of Texas has initiated an investigation; the United States intends to work cooperatively with Texas and any other States investigating these allegations." The motion also states that the Office of Audit Services for the Office of Investigations for HHS has been engaged to conduct a national audit of certain of the Company's Medicare claims. The government confirmed that it considers the allegations made in the complaint styled Tenet Healthcare Corporation vs. Community Health Systems, Inc., et al. filed in the United States District Court for the Northern District of Texas, Dallas Division on April 11, 2011 to be related to the allegations in the qui tam and to what the government is now describing as a consolidated investigation. Because qui tam suits are filed "under seal," no one but the relator and the government knows that the suit has been filed or what allegations are being made by the relator on behalf of the government. Initially, the government has 60 days to make a determination about whether to intervene in a case and to act as the plaintiff or to decline to intervene and allow the relator to act as the plaintiff in the suit, but extensions of time are frequently granted to allow the government additional time to investigate the allegations. Even if, in the course of an investigation, the court partially unseals a complaint to allow the government and a defendant to work to a resolution of the complaint's allegations, the defendant is prohibited from revealing to anyone even that the partial unsealing has occurred. As the investigation proceeds, we may learn of additional qui tam suits filed against us or our affiliated hospitals or related entities, or that contact letters, document requests, or medical record requests we have received in the past from various governmental agencies are generated from qui tam cases filed under seal. The motion filed on April 22, 2011 concludes by requesting a stay of the litigation in the Reuille case for 180 days, and on April 25, 2011, the court granted the motion. Our management company subsidiary, Community Health Systems Professional Services Corporation, the defendant in the Reuille case, consented to the request for the stay. We are cooperating fully with the government in its investigations and is currently unable to predict the outcome of these investigations.

# Triad Hospitals, Inc. Legal Proceedings

In a case styled U.S. ex rel. Bartlett vs. Quorum Health Resources, Inc., et al., pending in the Western District of Pennsylvania, Johnstown Division, the relator alleges in his second amended complaint, filed in January 2006 (the first amended complaint having been dismissed), that QHR conspired with an unaffiliated hospital to pay illegal remuneration in violation of the federal anti-kickback statute and the Stark Law, thus causing false claims to be filed. A renewed motion to dismiss was filed in March 2006 asserting that the second amended complaint did not cure the defects contained in the first amended complaint. In September 2006, the hospital and one of the other defendants affiliated with the hospital filed for protection under Chapter 11 of the federal bankruptcy code, which imposed an automatic stay on proceedings in the case. Relators entered into a settlement agreement with the hospital, subject to confirmation of the hospital's reorganization plan. The District Court conducted a status conference on January 30, 2009 and later convened another conference on March 30, 2009 and heard arguments on whether to proceed with a motion to dismiss, but did not make a ruling. The government and relator have reached a settlement with the hospital. On March 22, 2011, the court denied all defendants' motions to dismiss. We believe this case is without merit and will continue to vigorously defend it.

# Item 1A. Risk Factors

There have been no material changes with regard to risk factors previously disclosed in our most recent annual report on Form 10-K.

# Item 2. Unregistered Sales of Equity Securities and Use of Proceeds

We have not paid any cash dividends since our inception, and do not anticipate the payment of cash dividends in the foreseeable future. Our Credit Facility limits our ability to pay dividends and/or repurchase stock to an amount not to exceed \$50 million in the aggregate after November 5, 2010, the date of our amendment and restatement of our Credit Facility. In addition, our Credit Facility allows us to repurchase stock in an amount not to exceed the aggregate amount of proceeds from the exercise of stock options. The indenture governing our Notes also limits our ability to pay dividends and/or repurchase stock. As of March 31, 2011, under the most restrictive test under these agreements, we have approximately \$65.1 million remaining available with which to pay permitted dividends and/or make stock and Note repurchases.

# NONQUALIFIED STOCK OPTION AGREEMENT (Employee)

# Community Health Systems, Inc. 2009 Stock Option and Award Plan

THIS AGREEMENT between you and Community Health Systems, Inc., a Delaware corporation (the "Company") governs an award of a nonqualified stock option on a date specified in your award notification (the "Grant Date"), and

WHEREAS, the Company has adopted the Community Health Systems, Inc. 2009 Stock Option and Award Plan (the "Plan") in order to provide additional incentive to certain employees, officers and directors of the Company and its Subsidiaries; and

WHEREAS, the Compensation Committee of the Company's Board of Directors (the "Committee") has determined to grant an option to you as provided herein;

NOW, THEREFORE, the parties hereto agree as follows:

# 1. Grant of Option.

- 1.1 The Company hereby grants to you the right and option (the "Option") to purchase all or any part of an aggregate of the number of whole Shares (such number being subject to adjustment as provided in Section 10 hereof) set out in your Award notification, on the terms and conditions set forth in this Agreement and in the Plan, a copy of which is available to you from the Company by request. The Company may delegate any of the duties associated with the administration of the Plan or this agreement to one or more affiliates or third-party vendors (the "Plan Administrator").
  - 1.2 This Option is not intended to qualify as an Incentive Stock Option within the meaning of Section 422 of the Code.
  - 1.3 Except as otherwise defined herein, capitalized terms used in this Agreement shall have the same definitions as set forth in the Plan.

# 2. Purchase Price.

The price at which you shall be entitled to purchase Shares upon the exercise of this Option shall be the close price of the Company's stock on the Grant Date, as reported in The Wall Street Journal, and as set out in your award notification (such price being subject to adjustment as provided in Section 10 hereof).

# 3. Duration of Option.

The Option shall be exercisable to the extent and in the manner provided herein for a period of ten (10) years from the date hereof (the "Exercise Term"); provided, however, that the Option may be earlier terminated as provided in Section 6 or Section 8 hereof; provided, further, that the Option may, upon your death, be later exercised for up to one (1) year following the date of your death if such death occurs prior to the tenth anniversary of the Grant Date.

#### 4. Exercisability of Option.

Unless otherwise provided in this Agreement or the Plan, the Option shall entitle you to purchase, in whole at any time or in part from time to time, thirty-three and one-third percent (33 1/3%) of the total number of Shares subject to the Option after the expiration of one (1) year from the Grant Date and an additional thirty-three and one-third percent (33 1/3%) of the total number of Shares subject to the Option after the expiration of each of the second and third anniversaries of the Grant Date, and each such right of purchase shall be cumulative and shall continue, unless sooner exercised or terminated as herein provided, during the remaining period of the Exercise Term. Any fractional number of Shares resulting from the application of the foregoing percentages shall be rounded down to the next whole number of Shares.

# 5. Manner of Exercise and Payment.

- 5.1 Election to Exercise. Subject to the terms and conditions of this Agreement and the Plan, the Option may be exercised by electronic notification to the Company's Plan Administrator, or by telephonic request (each as subject to the Company's Insider Trading Policy). Such notification shall state that you are electing to exercise the Option and the number of Shares in respect of which the Option is being exercised. In the event of your death, such notification shall be in the form prescribed by the Company or its Plan Administrator and shall be signed by your legal guardian, executor, administrator or other legal representative. The Company or its Administrator may require proof satisfactory to it as to the right of such person to exercise the Option.
- 5.2 <u>Deliveries.</u> The notification of exercise described in Section 5.1 hereof shall be accompanied by the full purchase price for the Shares in respect of which the Option is being exercised, in cash or by check or, if acceptable to the Plan Administrator, such payment shall follow by check from a registered broker acting as agent on your behalf. However, at the discretion of the Committee, you may pay the exercise price in part or in full by transferring to the Company Shares owned by you for a period of six (6) months (or such lesser period as may be permitted by the Committee) prior to the exercise of the Option. In addition, an Option may be exercised through the Company's Plan Administrator pursuant to its cashless exercise procedures which may be deemed acceptable by the Committee from time to time. Any Shares transferred to the Company in payment of the exercise price under an Option shall be valued at their Fair Market Value on the date of exercise of such Option.
- 5.3 <u>Issuance of Shares.</u> Upon your election to exercise your options, following receipt of full payment for the Shares underlying the Option, and subject to Section 11, the Company or its Plan Administrator shall take such action as may be necessary under applicable law to affect the issuance to you of the number of Shares so exercised.
- 5.4 <u>Stockholder Rights</u>. You shall not be deemed to be the holder of, or to have any of the rights of a holder with respect to any Shares subject to the Option until (a) the Option shall have been exercised in accordance with the terms of this Agreement and you shall have paid the full purchase price for the number of Shares in respect of which the Option was exercised, and any withholding taxes due in connection with such exercise, (b) the Company or its Plan Administrator shall have issued the Shares to you, and (c) your name shall have been entered as a shareholder of record on

the books of the Company. Upon the occurrence of all of the foregoing events, you shall have full voting and other ownership rights with respect to such Shares

- 6. <u>Termination of Option</u>. Subject to Sections 7 and 8 hereof, each Option shall terminate on the date which is the tenth anniversary of the Grant Date (or if later, the first anniversary of the date of your death if such death occurs prior to such tenth anniversary), unless terminated earlier as follows:
- 6.1 If your employment is terminated for any reason other than disability, death or for Cause, you may for a period of three (3) months after such termination exercise your Option to the extent, and only to the extent, that the Option or portion thereof was vested and exercisable as of the date of such termination, after which time the Option shall automatically terminate in full.
- 6.2 If your employment is terminated by reason of Disability, all of the Option shall immediately become vested and exercisable and you may, for a period of twelve (12) months after such termination, exercise your Option, after which time the Option shall automatically terminate in full.
- 6.3 If your employment is terminated by reason of your death, or if you die within three (3) months after termination as described in Section 6.1 hereof the Option shall immediately become vested and exercisable and the person or persons to whom such rights under the Option shall pass by will, or by the laws of descent or distribution may, for a period of twelve (12) months following your death, exercise the Option, after which time the Option shall terminate in full.
- 6.4 If your the employment is terminated for Cause, the option granted to you hereunder shall immediately terminate in full and no rights thereunder may be exercised.
- 6.5 Except as expressly provided herein to the contrary, the Option, to the extent not yet vested and exercisable, shall terminate immediately upon the Employee's termination of employment with the Company for any reason.

#### 7. Effect of Change of Control.

In the event of a Change in Control, the Option shall become immediately and fully vested and exercisable and shall, notwithstanding any shorter period set forth in this Agreement, remain exercisable for a period ending not before the earlier of (x) the six (6) month anniversary of the termination of your employment or (y) the expiration of the Exercise Term.

# 8. Prohibited Activities

8.1 <u>Prohibition Against Certain Activities.</u> You agree that (a) you will not at any time during your employment (other than in the course of your employment) with the Company or any Affiliate thereof, or after any termination of employment, directly or indirectly disclose or furnish to any other person or use for your own or any other person's account any confidential or proprietary knowledge or any other information which is not a matter of public knowledge obtained during the course of your employment with, or other performance of services for (including service as a director

of), the Company or any Affiliate thereof or any predecessor of any of the foregoing, no matter from where or in what manner you may have acquired such knowledge or information, and you shall retain all such knowledge and information in trust for the benefit of the Company, its Affiliates and the successors and assigns of any of them, (b) you will not at any time during your employment with the Company or any Affiliate thereof, or for three (3) years following any termination of employment, directly or indirectly solicit for employment, including, without limitation, recommending to any subsequent employer the solicitation for employment of, any person who at the time of the solicitation is employed by the Company or any Affiliate thereof, (c) you will not at any time during your employment with, or performance of services for (including service as a director of), the Company or any Affiliate thereof or after any termination of employment, publish any statement or make any statement (under circumstances reasonably likely to become public or that might reasonably be expected to become public) critical of the Company or any Affiliate of the Company, or in any way adversely affecting or otherwise maligning the business reputation of any of the foregoing entities, and (d) you will not breach the provisions of Section 9 hereof (any activity described in clause (a), (b), (c) or (d) of this Section 8.1 being herein referred to as a "Prohibited Activity").

8.2 <u>Right to Terminate Option.</u> You understand that the Company is granting to you an option to purchase Shares hereunder to reward you for your future efforts and loyalty to the Company and its Affiliates by giving you the opportunity to participate in the potential future appreciation of the Company. Accordingly, if, at any time during which any portion of the Option, including any exercisable portion, is outstanding (a) if you engage in any Prohibited Activity, or (b) you engage in any Competitive Activity (as hereinafter defined), or (c) you are convicted of a crime against the Company or any of its Affiliates, then, in addition to any other rights and remedies available to the Company, the Company shall be entitled, at its option, to terminate the Option, including any exercisable portion thereof, which shall then be of no further force and effect.

The term "Competitor" shall mean any person that competes either directly or indirectly through one or more Affiliates with any of the businesses in which, at the time your employment is terminated, the Company or any of its subsidiaries is engaged.

The term "Competitive Activity" shall mean engaging in any of the following activities: (i) serving as a director of any Competitor; (ii) directly or indirectly (x) controlling any Competitor or (y) owning any equity or debt interests in any Competitor (other than equity or debt interests which are publicly traded and do not exceed 2% of the particular class of interests outstanding) (it being understood that, if any such interests in any Competitor are owned by an investment vehicle or other entity in which you own an equity interest, a portion of the interests in such Competitor owned by such entity shall be attributed to you, such portion determined by applying the percentage of the equity interest in such entity owned by you to the interests in such Competitor owned by such entity); (iii) directly or indirectly soliciting, diverting, taking away, appropriating or otherwise interfering with any of the customers or suppliers of the Company or any Affiliate of the Company; (iv) employment by (including serving as an officer or director of) or providing consulting services to any Competitor; provided, however, that if the Competitor has more than one discrete and readily distinguishable part of its business, employment by or providing consulting services to any Competitor's

business that competes with any of the businesses conducted by the Company or any of its subsidiaries (the "Competing Operations"), including serving in a capacity where any person at the Competing Operations reports to you, or (2) the consulting services are provided to or involve the Competing Operations. For purposes of this definition, the term "control" means the possession, directly or indirectly, of the power to direct or cause the direction of the management and policies of any Competitor, whether through the ownership of equity or debt interests, by contract or otherwise.

# 9. Non-Transferability.

The Option shall not be transferable other than by will or by the laws of descent and distribution or pursuant to a domestic relations order; provided, however, that the Option may be transferred to members of your immediate family, to trusts solely for the benefit of such immediate family members and to partnerships in which such family members and/or trusts are the only partners. For this purpose, immediate family means your spouse, parents, children, stepchildren and grandchildren and the spouses of such parents, children, stepchildren and grandchildren.

#### 10. Adjustments.

In the event of a Change in Capitalization, the Committee may make appropriate adjustments to the number and class of Shares or other stock or securities subject to this Option and the purchase price for such Shares or other stock or securities (an "Adjustment"). In the event of (i) the liquidation or dissolution of the Company or (ii) a merger or consolidation of the Company (a "Transaction"), any such Adjustment may be as provided for in the plan or agreement of liquidation, dissolution, merger or consolidation. If such plan or agreement does not expressly provide for the treatment of the Option in connection with the Transaction, the Option shall continue in effect in accordance with its terms and you shall be entitled to receive in respect of all Shares subject to the Option, upon exercise of the Option, the same number and kind of stock, securities, cash, property or other consideration that each holder of Shares was entitled to receive in the Transaction. The Committee's Adjustment shall be final and binding for all purposes of the Plan and the Agreement. No Adjustment provided for in this Section 10 shall require the Company to issue a fractional Share, and the total adjustment with respect to this Agreement shall be limited accordingly.

# 11. Withholding.

The Company or its Plan Administrator shall have the right to deduct from any amounts payable under this Agreement an amount equal to the federal, state and local income taxes and other amounts as may be required by applicable law to be withheld (the "Withholding Taxes"). If you are entitled to receive Shares upon exercise of the Option, you shall pay the Withholding Taxes to the Company or its Plan Administrator in cash prior to the issuance of such Shares. In satisfaction of the Withholding Taxes, you may, unless the Committee determines otherwise, elect to have withheld a portion of the Shares issuable to you upon exercise of the Option having an aggregate Fair Market Value equal to the Withholding Taxes.

#### 12. No Right to Continued Employment.

This Agreement and the Option shall not confer upon you any right with respect to continuance of employment by the Company or any Affiliate thereof, nor shall it interfere in any way with the right of the Company or any Affiliate thereof to terminate your employment at any time.

#### Entire Agreement.

This Agreement and the Plan constitute the entire agreement, and supersede all prior agreements and understandings, oral and written, between the parties hereto with respect to the subject matter hereof.

# 14. Acceptance of the Terms of this Agreement; Deemed Execution; Modification of Agreement.

The terms of this Agreement must be acknowledged and accepted by you by electronic means via the Plan Administrator's website, and upon such acceptance shall be deemed to have been executed and delivered by you and the Company. This Agreement may be modified, amended, supplemented or terminated by written agreement of the parties hereto; provided that the Company may modify, amend, supplement or terminate this Agreement in a writing signed by the Company without any further action by you if such modification, amendment, supplement or termination does not adversely affect your rights hereunder.

# 15. Invalidity of Provisions.

The invalidity or unenforceability of any provision of this Agreement in any jurisdiction shall not affect the validity or enforceability of the remainder of this Agreement in that jurisdiction or the validity or enforceability of this Agreement, including that provision, in any other jurisdiction. If any provision of this Agreement is held unlawful or unenforceable in any respect, such provision shall be revised or applied in a manner that renders it lawful and enforceable to the fullest extent possible.

# 16. Acknowledgment.

You hereby acknowledge the availability of a copy of the Prospectus, the Plan and this Agreement via the Plan Administrator's website, and agree to be bound by all the terms and provisions of each, and by the Company's Insider Trading Policy, as each may be amended from time to time. You hereby acknowledge that you have reviewed these documents and understand your rights and obligations thereunder and hereunder. You also acknowledge that you have been provided with such information concerning the Company, the Plan, the Prospectus, the Plan Administrator and this Agreement as you and your advisors have requested. You also acknowledge your right to request a copy of any of the foregoing from the Company.

# 17. Binding Effect.

This Agreement shall inure to the benefit of and be binding upon the parties hereto and their respective heirs, legal representatives, successors and assigns.

#### 18. Headings.

The headings and captions contained herein are for convenience only and shall not control or affect the meaning or construction of any provision hereof.

# 19. Resolution of Disputes.

Any dispute or disagreement which may arise under, or as a result of, or in any way relate to, the interpretation, construction or application of this Agreement shall be determined by the Committee in good faith, whose determination shall be final, binding and conclusive for all purposes.

#### 20. Governing Law.

This Agreement and the rights and obligations of the parties hereto shall be governed by, and construed in accordance with, the laws of the State of Delaware without giving effect to the principles of conflicts of laws thereof.

# 21. Specific Performance.

The parties hereto acknowledge that there will be no adequate remedy at law for a violation of any of the provisions of this Agreement and that, in addition to any other remedies which may be available; all of the provisions of this Agreement shall be specifically enforceable in accordance with their respective terms.

# 22. Notice.

All notifications and other communications hereunder shall be in writing and, unless otherwise provided herein, shall be deemed to have been given when received by the party to whom such notice is to be given at its address set forth below, or such other address for the party as shall be specified by notice given pursuant hereto:

(a) If to the Company, by regular mail to:

Community Health Systems, Inc. 4000 Meridian Boulevard Franklin, TN 37067 Attention: General Counsel

(b) If to you or your legal representative, to such person at the address as reflected in the records of the Company.

# 23. Consent to Jurisdiction.

Each party hereby irrevocably and unconditionally consents to submit to the exclusive jurisdiction of the courts of the State of Tennessee and of the United States of America, in each case located in the County of Williamson, for any actions, suits or proceedings arising out of or relating to this Agreement, the Option or the Plan and the transactions contemplated hereby and thereby ("Litigation") (and agrees not to commence any Litigation except in any such court), and further agrees that service of process, summons, notice or document by U.S. registered mail to such party's

respective address set forth in Section 22 hereof shall be effective service of process for any Litigation brought against such party in any such court. Each party hereby irrevocably and unconditionally waives any objection to the laying of venue of any litigation in the courts of the State of Tennessee or of the United States of America, in each case located in the County of Williamson, and hereby further irrevocably and unconditionally waives and agrees not to plead or claim in any such court that any Litigation brought in any such court has been brought in an inconvenient forum.

COMMUNITY HEALTH SYSTEMS, INC.

# RESTRICTED STOCK AWARD AGREEMENT

# Community Health Systems, Inc. 2009 Stock Option and Award Plan

THIS AGREEMENT between you and Community Health Systems, Inc., a Delaware corporation (the "Company") governs an award of restricted stock in the amount and on the date specified in your award notification (the "Grant Date").

WHEREAS, the Company has adopted the Community Health Systems, Inc. 2009 Stock Option and Award Plan (the "Plan") in order to provide additional incentive to certain employees and directors of the Company and its Subsidiaries; and

WHEREAS, the Compensation Committee of the Company's Board of Directors (the "Committee") has determined to grant to you a number of Shares of the Company's Restricted Stock as provided herein to encourage your efforts toward the continuing success of the Company.

NOW, THEREFORE, the parties hereto agree as follows:

# 1. Grant of Restricted Stock.

- 1.1 The Company hereby grants to you an Award of Shares of Restricted Stock in the number set out in an electronic notification by the Company's stock option plan administrator, as may be appointed from time to time (the "Plan Administrator"). The Shares of Restricted Stock granted pursuant to this Award shall be issued in the form of a book entry of Shares in your name as soon as reasonably practicable after the Date of Grant and shall be subject to your acknowledgement and acceptance (or your estate, if applicable) of this agreement by electronic means to the Plan Administrator as provided in Section 9 hereof, or as you have been otherwise instructed.
- 1.2 This Agreement shall be construed in accordance and consistent with, and subject to, the provisions of the Plan (the provisions of which are hereby incorporated by reference) and, except as otherwise expressly set forth herein, the capitalized terms used in this Agreement shall have the same definitions as set forth in the Plan.

# 2. Restrictions on Transfer.

The Shares of Restricted Stock issued under this Agreement may not be sold, transferred or otherwise disposed of and may not be pledged or otherwise hypothecated until all restrictions on such Restricted Stock shall have lapsed in the manner provided in Section 3, 4 or 5 hereof.

# 3. Lapse of Restrictions Generally.

Except as provided in Sections 4, 5 and 6 hereof, one-third (1/3) of the number of Shares of Restricted Stock issued hereunder (rounded up to the next whole Share, if necessary) shall vest, and the restrictions with respect to such Restricted Stock shall lapse, on each of the first three (3) anniversaries of the Date of Grant.

#### 4. Effect of Certain Terminations of Employment.

If your employment terminates as a result of your death or Disability, in each case if such termination occurs on or after the Date of Grant, all Shares of Restricted Stock which have not become vested in accordance with Section 3 or 5 hereof shall vest, and the restrictions thereon shall lapse as of the date of such termination. If your employment is terminated by your employer for any reason other than for Cause, then the restrictions on the entire Award shall lapse on the later of (i) the first anniversary of the Date of Grant or (ii) the date of your termination of employment.

# 5. Effect of Change in Control.

In the event of a Change in Control of the Company at any time on or after the Date of Grant, all Shares of Restricted Stock which have not become vested in accordance with Section 3 or 4 hereof shall vest, and the restrictions thereon shall immediately lapse.

#### 6. Forfeiture of Restricted Stock.

Upon the termination of your employment by you, the Company or its Subsidiaries for any reason other than those set forth in Section 4 hereof prior to such vesting, in addition to the circumstance described in Section 9(a) hereof, any and all Shares of Restricted Stock which have not become vested in accordance with Section 3, 4 or 5 hereof shall be forfeited and shall revert to the Company.

# 7. Delivery of Restricted Stock.

- 7.1 Except as otherwise provided in Section 7.2 hereof, evidence of a book entry of Shares or, if requested by you prior to such lapse of restrictions, a stock certificate with respect to the Shares of Restricted Stock for which the restrictions have lapsed pursuant to Section 3, 4 or 5 hereof, shall be delivered to you free of all restrictions thereon as soon as practicable following the date on which the restrictions on such Shares of Restricted Stock have lapsed.
- 7.2 Evidence of the book entry of Shares with respect to Shares of Restricted Stock whose restrictions have lapsed upon your death pursuant to Section 4 hereof or, if requested by the executors or administrators of your estate upon such lapse of restrictions, a stock certificate with respect to such shares of Restricted Stock, shall be delivered to the executors or administrators of your estate as soon as practicable following the Company's receipt of notification of your death, free of all restrictions hereunder. In the event of your death, all references herein to "you" shall also include your executors, administrators, heirs or assigns.

# 8. Dividends and Voting Rights.

Subject to Section 9(a) hereof, upon issuance of the Shares of Restricted Stock, you shall have all of the rights of a stockholder with respect to such Shares, including the right to vote the Shares and to receive all dividends or other distributions paid or made with respect thereto; provided, however, that dividends or distributions declared or paid on the Restricted Stock by the Company shall be deferred and reinvested in Shares of Restricted Stock based on the Fair Market Value of a Share on the date such dividend or distribution is paid or made (provided that no fractional Shares will be issued), and the additional Shares of Restricted Stock thus acquired shall be subject to the same restrictions on transfer and forfeiture and the same

vesting schedule as the Restricted Stock in respect of which such dividends or distributions were made.

# 9. Acknowledgement and Acceptance of Award Agreement.

- (a) The Shares of Restricted Stock granted to you pursuant to this Award shall be subject to your acknowledgement and acceptance of the Award and the terms of this Agreement to the Company or its Plan Administrator (including by electronic means, if so provided) no later than the earlier of (i) 180 days from the Date of Grant and (ii) the date that is immediately prior to the date that the Restricted Stock lapses pursuant to Section 4 or 5 hereof (the "Return Date"); provided that if you die before your Return Date, this requirement shall be deemed to be satisfied if the executor or administrator of your estate acknowledges and accepts this Agreement through the Company or its Plan Administrator no later than ninety (90) days following your death (the "Executor Return Date"). If this Agreement is not so acknowledged and accepted executed and returned on or prior to your Return Date or the Executor Return Date, as applicable, the Award of Shares of Restricted Stock evidenced by this Agreement shall be forfeited, and neither you nor your heirs, executors, administrators or successors shall have any rights with respect thereto.
- (b) If this Agreement is so acknowledged and accepted and returned on or prior to your Return Date or the Executor Return Date, as applicable, all dividends and other distributions paid or made with respect to the Shares of Restricted Stock granted hereunder prior to such Return Date or Executor Return Date shall be treated in the manner provided in Section 8 hereof.

# 10. No Right to Continued Employment.

Nothing in this Agreement or the Plan shall interfere with or limit in any way the right of the Company or its Subsidiaries to terminate your employment, nor confer upon you any right to continuing employment by the Company or any of its Subsidiaries or continuing service as a Board member.

# 11. Withholding of Taxes.

Prior to the delivery to you of a stock certificate or evidence of the book entry of Shares with respect to the Shares of Restricted Stock whose restrictions have lapsed, you shall pay to the Company or the Company's Plan Administrator, the federal, state and local income taxes and other amounts as may be required by law to be withheld (the "Withholding Taxes") with respect to such Restricted Stock. By acknowledging and accepting this Agreement in the manner provided in Section 9 hereof, you shall be deemed to elect to have the Company or the Plan Administrator withhold a portion of such Restricted Stock having an aggregate Fair Market Value equal to the Withholding Taxes in satisfaction thereof, such election to continue in effect until you notify the Company or its Plan Administrator before such delivery that you shall satisfy such obligation in cash, in which event the Company or the Plan Administrator shall not withhold a portion of such Restricted Stock as otherwise provided in this Section 11.

# 12. You Are Bound by the Plan.

By acknowledging and accepting this Award and the terms of this Agreement you hereby confirm the availability and your review of a copy of the Plan and the Prospectus, and other

documents provided to you in connection with this award by the Company or its Plan Administrator, and you agree to be bound by all the terms and provisions thereof.

# 13. Modification of Agreement.

This Agreement may be modified, amended, suspended or terminated, and any terms or conditions may be waived, but only by a written instrument executed by both parties hereto.

# 14. Severability.

Should any provision of this Agreement be held by a court of competent jurisdiction to be unenforceable or invalid for any reason, the remaining provisions of this Agreement shall not be affected by such holding and shall continue in full force in accordance with their terms.

#### 15. Governing Law.

The validity, interpretation, construction and performance of this Agreement shall be governed by the laws of the State of Delaware without giving effect to the conflicts of laws principles thereof.

# 16. Successors in Interest.

This Agreement shall inure to the benefit of and be binding upon any successor to the Company. This Agreement shall inure to the benefit of your legal representatives. All obligations imposed upon the Company and all rights granted to you under this Agreement shall be binding upon the Company's successors or assigns and upon your heirs, executors, administrators and successors.

#### 17. Resolution of Disputes.

Any dispute or disagreement which may arise under, or as a result of, or in any way relate to, the interpretation, construction or application of this Agreement shall first be referred to the Chief Executive Officer for informal resolution, and if necessary, referred to the Committee for its determination. Any determination made hereunder shall be final, binding and conclusive on you, your heirs, executors, administrators and successors, and the Company and its Subsidiaries for all purposes.

#### 18. Entire Agreement.

This Agreement and the terms and conditions of the Plan constitute the entire understanding between you and the Company and its Subsidiaries, and supersede all other agreements, whether written or oral, with respect to the Award.

# 19. Headings.

The headings of this Agreement are inserted for convenience only and do not constitute a part of this Agreement.

20. <u>Deemed Execution.</u> On the date of your electronic acceptance of the terms of the Award and this Agreement, this Agreement shall be deemed to have been executed and delivered by you and the Company.

COMMUNITY HEALTH SYSTEMS, INC.

# PERFORMANCE BASED RESTRICTED STOCK AWARD AGREEMENT

(Most Highly Compensated Executive Officers)

# Community Health Systems, Inc. 2009 Stock Option and Award Plan

THIS AGREEMENT between you and Community Health Systems, Inc., a Delaware corporation (the "Company") governs an Award of the Company's Restricted Stock in an amount and on the date specified (the "Grant Date") in your Award notification.

WHEREAS, the Company has adopted the Community Health Systems, Inc. 2009 Stock Option and Award Plan (the "Plan") in order to provide additional incentive to certain employees and directors of the Company and its Subsidiaries;

WHEREAS, the Compensation Committee of the Company's Board of Directors (the "Committee") (as described in Section 3.1 of the Plan) has determined to grant to you this Award of Restricted Stock as provided herein to encourage your efforts toward the continuing success of the Company;

WHEREAS, the Committee has determined to condition the Award on the attainment of certain performance-based criteria to better align your economic interests with those of the other stockholders of the Company and to ensure that the compensation attributable to this Award constitutes "qualified performance-based compensation" pursuant to CODE §162(m) and the regulations promulgated thereunder; and

WHEREAS, the Committee has established the Performance Objective (as defined in Section 3.1 below) (a) utilizing objectively determinable criteria, (b) on a date which is prior to the ninetieth (90 th) day of the Company's fiscal year, and (c) at a time when the attainment of the Performance Objective is substantially uncertain.

NOW, THEREFORE, the parties hereto agree as follows:

#### 1. Grant of Restricted Stock.

- 1.1 The Company hereby grants to you this Award of Performance Based Restricted Stock. The Shares of Performance Based Restricted Stock granted pursuant to this Award shall be issued in the form of book entry Shares in your name as soon as reasonably practicable after the Date of Grant and shall be subject to your acceptance of this grant (or your estate, if applicable) by online communication with the Company's option plan administrator, as may be determined from time to time, and in accordance with Section 9 hereof.
- 1.2 This Agreement shall be construed in accordance and consistent with, and subject to, the provisions of the Plan (the provisions of which are hereby incorporated by reference) and, except as otherwise expressly set forth herein, the capitalized terms used in this Agreement shall have the same definitions as set forth in the Plan.

# 2. Restrictions on Transfer.

The Shares of Performance Based Restricted Stock issued under this Agreement may not be sold, transferred or otherwise disposed of and may not be pledged or otherwise hypothecated until all restrictions on such Performance Based Restricted Stock shall have lapsed in the manner provided in Section 3, 4 or 5 hereof.

#### 3. Performance Objective; Lapse of Restrictions.

- 3.1 The Award is subject to the Company attaining the following "Performance Objective" (herein so called): The Company's "income per share from continuing operations for the fiscal year" in which granted, as reported by the Company in its earnings release for such fiscal year, shall be not less than the amount which is seventy-five percent (75%) of the low end of the projected "income per share from continuing operations for the fiscal year," in which granted as stated in the Company's Current Report on Form 8-K filed with the SEC for the current fiscal year. The Performance Objective shall be adjusted upward or downward in the event the Company enters into one or more material acquisition or divestiture transactions and as a result thereof or in connection therewith files one or more Current Reports on Form 8-K issuing revised guidance to investors projecting a higher or lower "income per share from continuing operations for the fiscal year" in which granted, (but only to the extent such change in guidance is attributable to the material acquisition and/or divestiture transactions). The adjusted Performance Objective shall be seventy-five percent (75%) of the low end of the range of revised projected "income per share from continuing operations for fiscal year" in which granted. For purposes of this Agreement, "material acquisition" or "material divestiture" transaction shall mean any single transaction or series of related transactions in which the consideration exceeds fifteen percent (15%) of the Company's assets on a consolidated basis. The computation of "income per share from continuing operations" shall be adjusted for Changes in Capitalization (as defined in the Plan).
  - 3.2 Except as provided in Sections 4, 5 and 6 hereof, if the Performance Objective is not attained, the Award shall lapse in its entirety.
- 3.3 Except as provided in Sections 4, 5 and 6 hereof, if the Performance Objective is attained, one-third (1/3) of the number of Shares of Performance Based Restricted Stock issued hereunder (rounded up to the next whole Share, if necessary) shall vest, and the restrictions with respect to such Performance Based Restricted Stock shall lapse, on each of the first three (3) anniversaries of the Date of Grant.

#### 4. Effect of Certain Terminations of Employment.

If your employment terminates as a result of your death or Disability, in each case if such termination occurs on or after the Date of Grant, all Shares of Performance Based Restricted Stock which have not become vested in accordance with Section 3 or 5 hereof shall vest, and the restrictions thereon shall lapse as of the date of such termination. If your employment is terminated by your employer for any reason other than for Cause, then your Award shall continue until such time as it is determined that the Performance Objective set forth in Section 3.1 above has been attained, and if attained, then the restrictions as to the entire Award shall lapse on the first anniversary of the Date of Grant (or if the termination occurs after the Performance Objective has been attained, the restrictions as to the entire Award shall immediately lapse upon such termination). If, however, the Performance Objective is not attained, the Award shall lapse in its entirety.

# 5. Effect of Change in Control.

In the event of a Change in Control of the Company at any time on or after the Date of Grant, all Shares of Performance Based Restricted Stock which have not become vested in accordance with Section 3 or 4 hereof shall vest, and the restrictions on such Performance Based Restricted Stock shall immediately lapse.

#### 6. Forfeiture of Performance Based Restricted Stock.

In addition to the circumstance described in Section 9(a) hereof, any and all Shares of Performance Based Restricted Stock which have not become vested in accordance with Section 3, 4 or 5 hereof shall be forfeited and shall revert to the Company upon the termination of your employment by the Company or its Subsidiaries for any reason other than those set forth in Section 4 hereof prior to such vesting.

#### 7. Delivery of Restricted Stock.

- 7.1 Except as otherwise provided in Section 7.2 hereof, evidence of the book entry of Shares or, if requested by you prior to such lapse of restrictions, a stock certificate with respect to Shares of Restricted Stock for which the restrictions have lapsed pursuant to Section 3, 4 or 5 hereof with respect to such Shares of Restricted Stock, shall be delivered to you as soon as practicable following the date on which the restrictions on such Restricted Stock have lapsed, free of all restrictions hereunder.
- 7.2 Evidence of the book entry of Shares with respect to Shares of Restricted Stock in respect of which the restrictions have lapsed upon your death pursuant to Section 4 hereof or, if requested by the executors or administrators of your estate upon such lapse of restrictions, a stock certificate with respect to such Shares of Restricted Stock, shall be delivered to the executors or administrators of your estate as soon as practicable following the Company's receipt of notification of your death, free of all restrictions hereunder.

# 8. Dividends and Voting Rights.

Subject to Section 9(a) hereof, upon issuance of the Performance Based Restricted Stock, you shall have all of the rights of a stockholder with respect to such Shares, including the right to vote the Shares and to receive all dividends or other distributions paid or made with respect thereto; provided, however, that dividends or distributions declared or paid on the Performance Based Restricted Stock by the Company shall be deferred and reinvested in Shares of Performance Based Restricted Stock based on the Fair Market Value of a Share of the Company's common stock on the date such dividend or distribution is paid or made (provided that no fractional Shares will be issued), and the additional Shares of Performance Based Restricted Stock thus acquired shall be subject to the same restrictions on transfer, forfeiture and vesting schedule as the Performance Based Restricted Stock in respect of which such dividends or distributions were made.

#### 9. Execution of Award Agreement.

(a) The Shares of Performance Based Restricted Stock granted to you pursuant to this Award shall be subject to (i) your acknowledgment and acceptance of this Award and the terms of this Agreement by electronic notification to the Company's designee (currently UBS Financial Services, Inc.) within 180 days from the date of grant, and (ii) the date that is immediately prior to the date that the Performance Based Restricted Stock vest pursuant to Section 4 or 5 hereof "Your Return Date"); provided that if you die before Your Return Date, this requirement shall be deemed to be satisfied if the executor or administrator of your estate executes and returns this Agreement to the Company or its designee no later than ninety (90) days following your death (the "Executor Return Date"). If this Agreement is not so executed and returned or electronically acknowledged on or prior to Your Return Date or the Executor Return Date, as applicable, the Shares of Performance Based Restricted Stock evidenced by this Agreement shall be forfeited, and neither you nor your heirs, executors, administrators or successors shall have any rights with respect thereto.

(b) If this Agreement is so executed and returned, or electronically acknowledged and accepted on or prior to Your Return Date or the Executor Return Date, as applicable, all dividends and other distributions paid or made with respect to the Shares of Performance Based Restricted Stock granted hereunder prior to Your Return Date or the Executor Return Date shall be treated in the manner provided in Section 8 hereof.

#### 10. No Right to Continued Employment.

Nothing in this Agreement or the Plan shall interfere with or limit in any way the right of the Company or its Subsidiaries to terminate your employment, nor confer upon you any right to continuing employment by the Company or any of its Subsidiaries or continuing service as a Board member.

#### 11. Withholding of Taxes.

Prior to the delivery to you (or your estate, if applicable) of a stock certificate or evidence of book entry with respect to Shares of Performance Based Restricted Stock in respect of which all restrictions have lapsed, you (or your estate) shall pay to the Company the federal, state and local income taxes and other amounts as may be required by law to be withheld by the Company (the "Withholding Taxes") with respect to such Performance Based Restricted Stock. By executing and returning this Agreement in the manner provided in Section 9 hereof, you (or your estate) shall be deemed to elect to have the Company withhold a portion of such Restricted Stock having an aggregate Fair Market Value equal to the Withholding Taxes in satisfaction of the Withholding Taxes, such election to continue in effect until you (or your estate) notifies the Company or the Company's designee before such delivery that you (or your estate) shall satisfy such obligation in cash, in which event the Company shall not withhold a portion of such Restricted Stock as otherwise provided in this Section 11.

# 12. You are Bound by the Plan.

You acknowledge receipt of a copy of the Plan and agree to be bound by all the terms and provisions thereof by electronic notification to the Company's designee (currently UBS Financial Services, Inc.) within 180 days from the date of grant.

#### 13. Modification of Agreement.

This Agreement may be modified, amended, suspended or terminated, and any terms or conditions may be waived, but only by a written instrument executed by both parties hereto.

#### 14. Severability.

Should any provision of this Agreement be held by a court of competent jurisdiction to be unenforceable or invalid for any reason, the remaining provisions of this Agreement shall not be affected by such holding and shall continue in full force in accordance with their terms.

# 15. Governing Law.

The validity, interpretation, construction and performance of this Agreement shall be governed by the laws of the State of Delaware without giving effect to the conflicts of laws principles thereof.

#### 16. Successors in Interest.

This Agreement shall inure to the benefit of and be binding upon any successor to the Company. This Agreement shall inure to the benefit of your legal representatives. All obligations imposed upon the Company and all rights granted to you under this Agreement shall be binding upon the Company's successors and upon your heirs, executors, administrators and successors.

# 17. Resolution of Disputes.

Any dispute or disagreement which may arise under, or as a result of, or in any way relate to, the interpretation, construction or application of this Agreement shall first be referred to the Chief Executive Officer for informal resolution, and if necessary, referred to the Committee for its determination. Any determination made hereunder shall be final, binding and conclusive on you, your heirs, executors, administrators and successors, and the Company and its Subsidiaries for all purposes.

# 18. Entire Agreement.

This Agreement and the terms and conditions of the Plan constitute the entire understanding between you and the Company and its Subsidiaries, and supersede all other agreements, whether written or oral, with respect to the Award.

# 19. Headings.

The headings of this Agreement are inserted for convenience only and do not constitute a part of this Agreement.

COMMUNITY HEALTH SYSTEMS, INC.

# DIRECTOR RESTRICTED STOCK UNIT AWARD AGREEMENT

# Community Health Systems, Inc. 2009 Stock Option and Award Plan

THIS AGREEMENT between the Grantee and Community Health Systems, Inc., a Delaware corporation (the "Company"), governs an Award of Restricted Stock Units in the amount and on the date specified in the Grantee's award notification (the "Grant Date");

WHEREAS, the Company has adopted the Community Health Systems, Inc. 2009 Stock Option and Award Plan (the "Plan") to provide additional incentives to certain employees and directors of the Company and its Subsidiaries;

WHEREAS, Section 8.2 of the Plan provides for grants of Restricted Stock Units ("Units") to Eligible Individuals; and

WHEREAS, the Compensation Committee of the Company's Board of Directors has approved this form of Agreement and desires to make the Award as specified herein.

NOW, THEREFORE, the parties hereto agree as follows:

# 1. Grant of Restricted Stock Units; Purchase Price.

The Company hereby grants to the Grantee an Award of Restricted Stock Units in respect of the number of Units set out in an electronic notification by the Company's stock option plan administrator (the "Plan Administrator").

The price to be paid by the Grantee in respect of each Unit shall be Zero Dollars (\$).

This Agreement shall be construed in accordance and consistent with, and subject to, the provisions of the Plan (the provisions of which are hereby incorporated by reference) and, except as otherwise expressly set forth herein, the capitalized terms used in this Agreement shall have the same definitions as set forth in the Plan.

### 2. Vesting Generally.

Except as provided in Sections 3 and 4 hereof, the Award shall vest in respect of one-third (1/3) of the Units subject to the Award (rounded down to the next whole Unit, if necessary), on each of the first three (3) anniversaries of the Date of Grant.

Upon the vesting of Units pursuant to this Section 2 or pursuant to Section 3 or 4 hereof, the Company or its Plan Administrator shall, without the requirement of any notice or action on the part of Grantee, take such action as may be necessary under applicable law to effect the issuance to the Grantee (or following the Grantee's death, the executors or administrators of the Grantee's estate) of the number of Shares to which such vested Units relate.

The Grantee shall not be deemed to be the holder of, or to have any of the rights of a holder with respect to any Shares until the Company or the Plan Administrator shall have issued the Shares to the Grantee and his name shall have been entered as a shareholder of record (or the Grantee's ownership recorded via his nominee) on the books of the Company. Upon the occurrence of the foregoing events, the Grantee shall have full voting and other ownership rights with respect to such Shares.

#### 3. Effect of Certain Terminations of Service.

If the Grantee's service as a member of the Board of Directors terminates as a result of his or her death, Disability, or for any reason other than for Cause, in each case if such termination occurs on or after the Date of Grant, the Award shall immediately vest in respect of all Units as to which had not previously become vested pursuant to Section 2 or 4 hereof as of the date of such termination.

#### 4. Effect of Change in Control.

In the event that a Change in Control which also constitutes a change in control or effective control of the Company or a change in the ownership of a substantial portion of its assets, in each case within the meaning of Section 409A of the Code and the regulations and interpretive guidance issued thereunder (a "Section 409A Change in Control") occurs at any time on or after the Date of Grant and prior to the Grantee's termination of service as a member of the Board of Directors, the Award shall become vested in respect of all Units as to which it had not previously become vested pursuant to Section 2 hereof as of the date of such Section 409A Change in Control.

#### 5. Forfeiture of Restricted Stock Units.

In addition to the circumstance described in Section 6 hereof, the Award (and any and all Units in respect thereof), to the extent it has not become vested in accordance with Section 2, 3 or 4 hereof, shall be forfeited upon the termination of the Grantee's service as a member of the Board of Directors for any reason other than those set forth in Section 3 hereof prior to such vesting.

#### 6. Acknowledgement and Acceptance of Award Agreement.

The Award shall be subject to the Grantee's acknowledgement and acceptance of this Agreement to the Company or its Plan Administrator (including by electronic means, if so provided) no later than the earlier of (i) 180 days from the Date of Grant and (ii) the date that is immediately prior to the date that the Award vests pursuant to Section 3 or 4 hereof (the "Return Date"); provided that if the Grantee dies before the Return Date, this requirement shall be deemed to be satisfied if the executor or administrator of the Grantee's estate acknowledges and accepts this Agreement through the Company or its Plan Administrator no later than ninety (90) days following the Grantee's death (the "Executor Return Date"). If this Agreement is not so acknowledged and accepted on or prior to the Return Date or the Executor Return Date, as applicable, the Award (and any and all Units in respect thereof) shall be forfeited, and neither the Grantee nor the Grantee's heirs, executors, administrators and successors shall have any rights with respect thereto.

#### 7. No Right to Continued Service.

Nothing in this Agreement or the Plan shall interfere with or limit in any way the right of the Company to terminate the Grantee's service on its Board of Directors, nor confer upon the Grantee any right to continuing such service as a Board member.

### 8. Withholding of Taxes.

Upon the release of restrictions and subsequent delivery of the common stock underlying the Restricted Stock Units, by electronic means or by way of a stock certificate, Grantee will become subject to federal, state and local income taxes and other amounts as may be required by law, if any, with respect to such Shares. By acknowledging and accepting this Agreement in the manner provided in Section 6 hereof, the Grantee acknowledges that the Company will be required to report the compensation to the IRS, that the Grantee will be responsible for his or her tax liability, if any, and that the

Company's Plan Administrator will prepare or cause to be prepared an IRS Form 1099 on behalf of the Grantee.

# 9. Non-Transferability.

The Award shall not be transferable other than by will or by the laws of descent and distribution or pursuant to a domestic relations order; provided, however, that the Award may be transferred to members of the Grantee's immediate family, to trusts solely for the benefit of such immediate family members and to partnerships in which such family members and/or trusts are the only partners. For this purpose, immediate family means the Grantee's spouse, parents, children, stepchildren and grandchildren and the spouses of such parents, children, stepchildren and grandchildren.

#### 10. The Grantee is Bound by the Plan.

By acknowledging and accepting the Award, the Grantee hereby confirms the availability and his or her review of a copy of the Plan, the Prospectus, and other documents provided to the Grantee in connection with the Award, by the Company or its Plan Administrator, and the Grantee agrees to be bound by all the terms and provisions thereof.

#### 11. Modification of Agreement.

This Agreement may be modified, amended, suspended or terminated, and any terms or conditions may be waived, but only by a written instrument executed by both parties hereto.

#### 12. Severability.

Should any provision of this Agreement be held by a court of competent jurisdiction to be unenforceable or invalid for any reason, the remaining provisions of this Agreement shall not be affected by such holding and shall continue in full force in accordance with their terms.

# 13. Governing Law.

The validity, interpretation, construction and performance of this Agreement shall be governed by the laws of the State of Delaware without giving effect to the conflicts of laws principles thereof.

#### 14. Successors in Interest.

This Agreement shall inure to the benefit of and be binding upon any successor to the Company. This Agreement shall inure to the benefit of the Grantee's legal representatives. All obligations imposed upon the Company and all rights granted to the Grantee under this Agreement shall be binding upon the Company's successors and the Grantee's heirs, executors, administrators and successors.

#### 15. Resolution of Disputes.

Any dispute or disagreement which may arise under, or as a result of, or in any way relate to, the interpretation, construction or application of this Agreement shall first be referred to the Chief Executive Officer for informal resolution, and if necessary, referred to the Committee for its determination. Any determination made hereunder shall be final, binding and conclusive on the Grantee, his or her heirs, executors, administrators and successors, and the Company and its Subsidiaries for all purposes.

#### 16. Entire Agreement.

This Agreement and the terms and conditions of the Plan constitute the entire understanding between the Grantee and the Company and its Subsidiaries, and supersede all other agreements, whether written or oral, with respect to the Award.

# 17. Headings.

The headings of this Agreement are inserted for convenience only and do not constitute a part of this Agreement.

# 18. <u>Deemed Execution.</u>

On the date of the Grantee's electronic acceptance of the terms of the Award, and this Agreement, this Agreement shall be deemed to have been executed and delivered by the Grantee and the Company.

COMMUNITY HEALTH SYSTEMS, INC.

#### I, Wayne T. Smith, certify that:

- 1. I have reviewed this quarterly report on Form 10-Q of Community Health Systems, Inc.;
- 2. Based on my knowledge, this quarterly report does not contain any untrue statement of a material fact or omit to state a material fact necessary to make the statements made, in light of the circumstances under which such statements were made, not misleading with respect to the period covered by this quarterly report;
- 3. Based on my knowledge, the financial statements, and other financial information included in this quarterly report, fairly present in all material respects the financial condition, results of operations and cash flows of the registrant as of, and for, the periods presented in this quarterly report;
- 4. The registrant's other certifying officer and I are responsible for establishing and maintaining disclosure controls and procedures (as defined in Exchange Act Rules 13a-15(e) and 15d-15(e)) and internal control over financial reporting (as defined in Exchange Act Rules 13a-15(f) and 15d-15(f)) for the registrant and we have:
  - a) designed such disclosure controls and procedures, or caused such disclosure controls and procedures to be designed under our supervision, to ensure that material information relating to the registrant, including its consolidated subsidiaries, is made known to us by others within those entities, particularly during the period in which this quarterly report is being prepared;
  - b) designed such internal control over financial reporting, or caused such internal control over financial reporting to be designed under our supervision, to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles;
  - c) evaluated the effectiveness of the registrant's disclosure controls and procedures and presented in this report our conclusions about the effectiveness of the disclosure controls and procedures, as of the end of the period covered by this report based on such evaluation; and
  - d) disclosed in this report any change in the registrant's internal control over financial reporting that occurred during the registrant's most recent fiscal quarter (the registrant's fourth fiscal quarter in the case of an annual report) that has materially affected, or is reasonably likely to materially affect, the registrant's internal control over financial reporting; and
- 5. The registrant's other certifying officer and I have disclosed, based on our most recent evaluation of internal control over financial reporting, to the registrant's auditors and the audit committee of the registrant's board of directors:
  - a) all significant deficiencies and material weaknesses in the design or operation of internal control over financial reporting which are reasonably likely to adversely affect the registrant's ability to record, process, summarize and report financial information; and
  - b) any fraud, whether or not material, that involves management or other employees who have a significant role in the registrant's internal control over financial reporting.
